

Party Leaders Study Ideas To Heal GOP Rift

NEW YORK (AP) — Former President Dwight D. Eisenhower and former Vice President Richard M. Nixon have told Sen. Barry Goldwater that his hand-picked GOP chairman must have a mandate, not just a majority, to stay at the helm of the party.

Nixon relayed that word after a summit talk Wednesday with the former president and the party's defeated nominee for the White House. The three party leaders met for an hour in Eisenhower's Waldorf Towers suite. Then Nixon and the former president talked separately.

Goldwater said the three all hope the rift between GOP moderates, some of them out to oust

Republican National Chairman Dean Burch, and the party's conservative wing can be healed before the National Committee meets in Chicago Jan. 22 and 23.

Full Support Essential

The committee will decide then whether to keep Burch as chairman.

Both Eisenhower and Nixon said they told Goldwater the party needs a broadly based leadership in the months ahead.

Nixon put it this way:

"We feel, and Sen. Goldwater agreed, that the national committee must have broad-based support — not unanimity, but a majority of one is not enough."

He made the comment after telling newsmen that Burch's own polls indicate the chairman now has the National Committee votes he needs to hold onto the post Goldwater gave him.

Nixon said neither he nor Eisenhower will say or do anything publicly to influence the committee's decision.

"We do not have a candidate for the chairmanship," he said. "I am not prejudging what the National Committee should do."

Task Not Impossible

Eisenhower said later, "We are going to have to have a leadership that satisfies by and large all of the sections of the party and that's the committee's responsibility."

The three GOP leaders spoke separately after their meeting while Burch waited across the hall from the Eisenhower suite.

The chairman said he had wanted to be on hand in case he was needed.

Goldwater spoke to newsmen first, standing on a chair in the packed lobby of the hotel to make a statement with no questions accepted.

"We see no impossible task ahead," he said. "We feel that unity can be achieved by both sides giving in this case, and that is what the three of us dedicated ourselves to achieving in the months ahead."

"We all of us want to see no blood dripping on the ground."

Fire Kills Two In Mobile Home

WARREN (AP) — Two Center Line High School students died today in an early morning fire which destroyed their mobile home in a Warren trailer court.

Dead are Barbara Childress, 15, and her brother, Clinton Jr., 18. The children's father, Clinton Sr., 40, escaped unharmed but his efforts to rescue his children were turned back because of intense heat from flames.

Warren firemen said flames were visible for more than a mile. The cause of the fire was not immediately known, but firemen said it started in the center of the house trailer where the heating unit was located. Childress told firemen he was awakened about 3 a.m. by what sounded like a dull explosion.

He said he ran out a rear door and called to the children in two forward bedrooms. Barbara answered her father but told him she could not open the front door, Childress said. He said he managed to break a small window but his and the efforts of neighbors Edward Tipword, 41, and William Necker, 43, were turned back because of intense heat and smoke.

Firemen later found Barbara's body lying face down in her bed and that of Clinton Jr. slumped on the floor of his bedroom.

Fairbanks Family Given 100 Logs To Rebuild Home

FAIRBANKS, Alaska (AP) — One hundred logs are too bulky to fit under a Christmas tree but they fit around one just fine.

That is what Fairbanks folks are giving the Chuck Garrett family for Christmas — a log cabin to house their Christmas tree.

The Garretts and their four children lost all their possessions when fire destroyed their home two weeks ago.

The "Give a Log" drive is being co-ordinated by University of Alaska students. Eighty logs, at \$5.60 each, have been donated.

Professional builders have pledged their time to build the 24-by-38-foot house.

Charges Mount For Rep. West

DETROIT (AP) — A lengthening road through the courts lies before Michigan State Rep. Daniel W. West on tax swindle and voter registration fraud charges.

The charges against the 54-year-old twice-elected Detroit Democratic legislator, in both state and federal courts, mounted Wednesday.

The penalties — if West, alleged masquerader under another man's reputation, were convicted on all, could be astronomical.

They could total 755 years in prison and \$864,000 in fines, government lawyers said.

A federal grand jury indicted West on 117 counts of income tax fraud, allegedly in writing fake tax returns as a tax consultant for unwitting clients over a period of years.

West, free under \$10,000 bond in one tax fraud case, was due back in court today for arraignment on the grand jury's indictment.

The government says he caused a \$250,000 swindle by faking tax returns.

Blind Children Call On Santa In Pittsburgh

PITTSBURGH (AP) — Eighteen youngsters who visited a downtown department store Wednesday were just like thousands of other children at this time of year.

They read their Christmas lists to Santa Claus and were thrilled by a tour of the toy department.

There was a difference. Their Christmas lists were in braille, the authors blind.

The children are third graders at the Western Pennsylvania School for the Blind. Their teacher, Norman Anderson, said:

"Our students can't walk into a toy department and perceive everything in the way that normal children do. Instead of sight, they touch, smell and hear to perceive what toys are like."

Anderson, too, is blind.

Kremlin Asked To Help Curb Reds In Viet Nam

Viet Cong Begin Offensive, Kill Six Americans

SAIGON, South Viet Nam (AP) — Six Americans have died during the past two days of hard fighting in South Viet Nam as the Communist Viet Cong intensify their effort to overrun the country. Another American is missing.

South Vietnamese military officials believe the Viet Cong has launched its winter-spring offensive. Beginning last weekend, Communist attacks increased sharply.

Communist raids and ambushes at scattered points in mountainous central Viet Nam aroused belief that the Viet Cong hopes to drive government forces from that area adjacent to Communist North Viet Nam.

A U.S. Army officer killed Wednesday in a battle to retake a hill raised to 232 the number of Americans who have died in combat in South Viet Nam since December 1961.

A U.S. spokesman said an American enlisted man and an Australian officer were wounded in the same battle near the provincial capital of Tam Ky, about 350 miles northeast of Saigon. Several hundred Viet Cong overran the fortified hill before government forces fought their way back.

Earlier, the Viet Cong killed a U.S. Army officer in a highway ambush in Phu Yen Province, 230 miles northeast of Saigon along the South China Sea.

A helicopter gunner was killed and a U.S. Army adviser was missing and presumed dead or captured in fighting Tuesday for a fortified hill in the An Lao mountain valley, 500 miles northeast of Saigon. Three American soldiers were killed Tuesday when the Viet Cong overran a small outpost at the southern tip of Viet Nam.

Rusk Requests Peace Move In Southeast Asia

WASHINGTON (AP) — The Johnson administration has asked the new Soviet leaders to use their influence to halt Communist operations from North Viet Nam against South Viet Nam.

The request was made to Soviet Foreign Minister Andrei A. Gromyko by Secretary of State Dean Rusk in the course of a series of conferences Gromyko held here with Rusk and President Johnson. Rusk also asked the Russians Wednesday to work for peace in Southeast Asia.

Gromyko conferred with Johnson at the White House for about 90 minutes. In a show of cordiality, the President escorted him to the door when the talk ended.

Budget Cut Welcomed

Gromyko said disarmament and several other subjects were discussed in his meeting with the President and added: "I think that the exchange of views was useful and the atmosphere in the course of the conversation was friendly."

He did not specify the other topics taken up with Johnson. But he did say that the President welcomed the \$555 million defense budget cut which was announced Wednesday by Soviet Premier Alexei N. Kosygin.

Asked whether Johnson and he talked about the possibility of an East-West summit conference, Gromyko brushed aside the question.

Johnson was understood, however, to have developed the line that he is deeply interested in easing tensions and improving East-West relations, particularly in the field of new disarmament agreements. He has made clear in the past that if there were constructive results in view he would be willing to go anywhere and meet with anyone for the purpose.

Exchange Is Lively

Gromyko said he brought to Johnson a message of best wishes from the Soviet leaders — the men who replaced Premier Nikita Khrushchev in mid-October.

An earlier meeting between Rusk and Gromyko over luncheon at the Soviet Embassy produced what U.S. officials called a lively exchange on the war in South Viet Nam. It was on that occasion that Rusk told Gromyko the United States hoped the Soviet Union would use its influence to work for peace in Southeast Asia.

Gromyko, according to U.S. informants, told Rusk the Soviet Union thought the United States should withdraw its troops from South Viet Nam. Rusk replied that the troops were in South Viet Nam to assist the government and people there in the defense against aggression from North Viet Nam and that the United States was fully informed on infiltration of men and supplies from the north into the south.

Nuclear Plan Opposed

On another subject, Gromyko asked Rusk whether he had any new information to provide on the proposed formation of a nuclear weapons force by the North Atlantic Treaty Organization. The Soviet Union has campaigned against such a force on the ground that it would put nuclear weapons into the hands of West Germany. He attacked the project in his talk with Rusk as a means of disseminating nuclear weapons more widely.

Rusk replied that the United States sees the measure as one which would block dissemination because the nuclear weapons supplied to the proposed force would be covered by such strict international safeguards that no one country would be able to employ them.

Gromyko's interest in plans for the force was sharpened by the fact that Johnson concluded Tuesday two days of conferences with British Prime Minister Harold Wilson in which the nuclear weapons issue was the principal one discussed.

Gromyko flew from Moscow to New York two weeks ago to attend the opening of the U.N. General Assembly. Rusk and he held a series of talks in New York before he came here.

U.S. officials said these talks have shown no Soviet change in

Restraining Order Will Hold Off Railway Strike

CHICAGO (AP) — A disagreement over wages that could affect traffic on more than 90 per cent of the nation's railroads has moved from the bargaining table to the bench.

Judge Perry said he would hear arguments for a temporary injunction after he issues the restraining order Monday.

The carriers argued that the strike deadline is an illegal attempt to compel the railroads to bargain directly with the three unions, rather than with the AFL-CIO Railway Employees Department.

The unions, in their reply, contended the court is without jurisdiction in the dispute, the railroads' complaint fails to state a claim for relief, and the three unions are autonomous and need not bargain through the employees department.

Unions Want 36 Cents

The unions involved are the Electrical Workers, Machinists and Sheet Metal Workers.

The railroads contend a nationwide work stoppage would cost them a daily loss in operating revenues of \$26,752,000.

They have stood solidly behind a presidential emergency board's recommendation of 27 cents-an-hour wage increase over three years.

The unions have demanded a 36 cents-per-hour increase, claiming their members receive less pay than workers in comparable industries.

A union spokesman said members of the three unions now average \$2.74 per hour.

Judge Perry said he hoped the restraining order would not have to be extended beyond the 10-day period because he wanted to bring the case "to a head" by deciding the points of law.

Talks have been recessed since discussions broke down and no date has been set to resume them.

Spinster Poet Dies In London

LONDON (AP) — Dame Edith Sitwell, one of Britain's leading poets and also one of its most noted eccentrics, died of a heart attack in a London hospital Wednesday night. She was 77.

Dame Edith was admitted to the hospital earlier in the day, gravely ill. A spinster, she is survived by two brothers, Sir Osbert and Sacheverell Sitwell. Both are writers also.

The three Sitwells, after World War I, were leaders of the avant garde movement in literature, art and music. Dame Edith published her first book of poetry in 1915; her last volume of collected poems appeared in 1957.

Her greatest public success was "Facade," a set of nonsense poems that William Walton set to music. Their performance in 1923 caused a furor in London, and a recording in later years was a hit on both sides of the Atlantic.

Dame Edith's sharp wit, penchant for controversy and unusual dress made her one of Britain's best-known characters.

After World War II, she was a success in the United States as a reader of her own poetry, and of Shakespeare.

Congo Premier Visits Vatican

VATICAN CITY (AP) — With a heavy police escort to protect him from possible Communist demonstrations, Congo Premier Moise Tshombe came to the Vatican today for a 20-minute audience with Pope Paul VI.

No demonstrations marred Tshombe's trip through Rome to the papal city-state, however. He had arrived four hours earlier from Leopoldville.

The Pope appealed to the Congolese people to cease their warfare and work together for the common good of their nation.

Vatican officials said it was the first time any visiting dignitary had arrived for a papal audience under such heavy guard.

Tshombe and members of his party wore white tie and tails. The premier's coat gleamed with medals.

Agitators Burn USIA Libraries

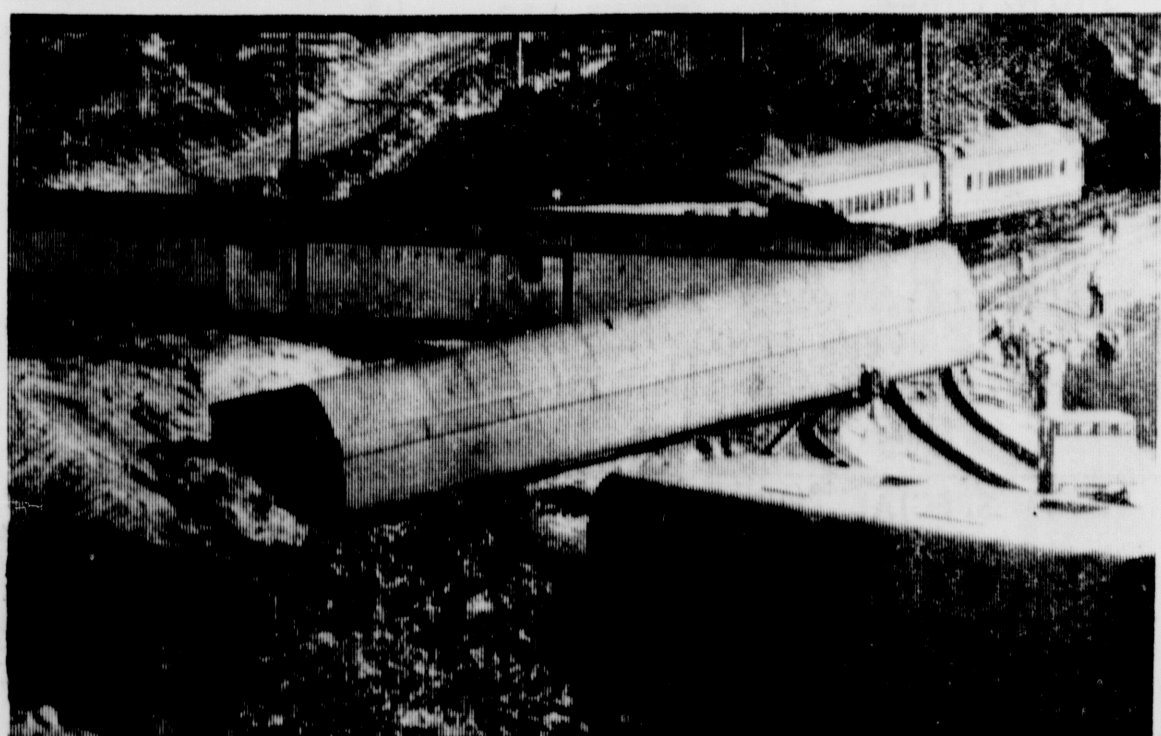

WASHINGTON (AP) — It's become increasingly tempting in certain circles abroad to register a protest by sacking the nearest U.S. Information Agency library and burning its books.

Since 1947 there have been 75 violent incidents involving American libraries. This year there has been a new high — 16 incidents in 10 different countries, according to the agency.

Brazilian students disapproved of an increase in bus fares so they smashed the windows of the USIA library. In Cairo, Egyptian mobs protested the U.S. landing of Belgian paratroopers in the Congo by wrecking the John F. Kennedy Memorial Library.

Bolivia tops the list with five library - wrecking demonstrations this year. Indonesia is next with three. Other countries include Panama, Cambodia, Colombia, Pakistan, Ceylon and the Sudan.

The fiery trend has aroused Secretary of State Dean Rusk, who warned Wednesday that "these violent acts cannot but affect relationships between nations."

Johnson Won't Wear Top Hat For Inaugural

WASHINGTON (AP) — President Johnson will dispense with the traditional top hat and morning coat at his inaugural, taking the oath in a black suit and four-in-hand tie.

The word on what the President will wear Jan. 20 came Wednesday from his wife's press secretary, Mrs. Elizabeth Carpenter. She also said the President planned to appear in dinner jacket and black tie at the four inaugural balls to be held in the capital that night.

Elk Shoot May Be Preview Of Hunt Of Future

Maybe the elk hunt this week in the Lower Peninsula north-east of Gaylord was a look at the future of big game hunting in America.

It was about as far as you can get from frontier atmosphere and still find big game. It was tremendously successful and ultra-scientific, not only in the use of walkie-talkies by local guides who locate herds for hunters, but more particularly in the extensive data gathering by Conservation Department game biologists.

Joseph Vogt of Escanaba, game biologist for the Escanaba District of the Conservation Department (Delta and Marquette counties and the west half of Alger), helped staff the checking station at the Pigeon River Trout Research Station where all the elk killed in the 600 square mile hunt area by the 300 permit hunters had to be presented for checking.

Job For Houdini
Surprisingly, most of the hunters brought in the big animals in whole carcasses after eviscerating them in the field, using all sorts of ingenuity to get them into the trunks of cars and especially into station wagons. "Some hunters cleaned and quartered and skinned their animals and then the temperature dropped to 20 degrees below zero on Sunday morning and they froze into one big, immovable chunk," said Vogt. "I don't know how they're ever going to get them out."

The checking weighed the elk, determined sex and age, and took many measurements, like length of foot, neck, etc. The heads were kept where possible and the eyeballs were removed for laboratory examination of the crystalline lens. They will be dried and weighed and it is believed by biologists that a correlation can be established which will indicate the age of the animals, which is now judged by teeth wear and other techniques. The lens indicator of age has worked with deer and rabbits.

Heaviest Animals
The hunt opened Saturday and up to 3:30 p. m. Tuesday when Vogt left 221 elk had been killed and 5 days of the hunt remained, a success ratio of 70 per cent. On the opening Saturday 104 elk were killed, 19 tons of them. In the first 3½ days 37 tons of elk, dressed weight, were brought into the checking station in this first elk hunt east of the Mississippi River in 100 years.

The biggest bull weighed 656 pounds dressed and was estimated to have weighed 980 pounds alive, the biggest cow 459 pounds dressed, and an estimated 690 pounds alive.

About 23,000 hunters applied for the 300 permits offered and 20 women were among the lucky applicants and 14 of them had shot elk by Tuesday. In the first three days' kill 85 per cent of the animals were under 6 years old and this interested Vogt, as the herd has been protected since the first 8 animals were introduced in 1918 and the big animals can live to an age of 16 to 20 years.

The first planting of 28 elk in 1916 didn't succeed and in 1918 eight elk were released in the Sturgeon River country in southern Cheboygan County. They seemed to thrive from the beginning and most estimates now place the herd population at about 3,500 animals.

Range Endangered
Because they are overbrowsing their range the Conservation Department ordered a controlled hunt with 300 permits issued. Not more than that number of animals can be killed and it is not expected that 300 will be killed as permit hunters don't usually fill up. The hunt results will guide hunting policy in future years.

This is why there's been such an army of conservation officers in the area and such meticulous record keeping. The permit holder was given an orange banner with his permit number on it to hang near his kill so conservation officers could find it and remove the viscera, except the paunch, from which a sample of con-

AN ELK IS delivered to the Pigeon River Trout Research Station for examination in this week's Lower Peninsula elk hunt. The biggest bull turned in so far had an estimated live weight of 1,000 pounds. (Photo by Conservation Department Game Biologist Joseph Vogt of Escanaba)

ents was taken. The biologists were particularly interested in the reproductive tract of the female elk.

"We don't know too much about the elk," said Vogt "but we surely should learn a lot from all the studies we're making." He thought that elk, which once ranged in Michigan, are probably as big today in Michigan as on their western range, but that their antlers may not be as large. However, the biggest rack turned in had a beam (brow to longest point) of 54 inches on one side and 51 inches on the other and this would get it into most antler contests.

Not Spooky
These elk had never been shot at legally and weren't wary like deer. The problem of the hunters was to find them in the first days of the hunt. Many walked up to elk, picked a bull and shot him. Most hunters seemed not to wait for a chance for an antler trophy, but shot the first elk they saw. The man who shot the biggest bull located a herd the afternoon before the hunt opened and was at the scene at 5 a. m. the next morning, walked in and popped the big bull and hired a wrecker to lug it to the checking station.

In three days 47 per cent of elk shot were bulls and 53 per cent cows. There were 31 calves among the first 202 animals checked in. A bull calf 7 months old weighed 198 pounds dressed, and an estimated 300 pounds alive.

Will elk be introduced into the Upper Peninsula?

"I hope not," said Vogt. "They compete with deer for feed and there weren't too many deer in their range." Kills were reported almost immediately back to headquarters on officers' radios. No hunt in Michigan has ever been so well policed or documented. When the data is processed it will be possible to learn what all the elk had had for breakfast in the condemned's traditional "last meal."

School To Give 'Hour Of Music'

The Escanaba Area High School music department will present its annual Christmas "Hour of Music" on Tuesday, Dec. 15, at 7:30 p. m. in the Area High School auditorium, not in the William W. Oliver auditorium as in past years.

The concert will be presented by the High School Orchestra directed by John R. Chown and Mrs. Clara Embs, and the High School Chorus under the direction of Conrad Beck and accompanied by Mrs. Helen Moore.

Several special selections will also be featured on the program. A string ensemble with Susan Garrard and Virginia Engstrom, first violin; Linda Wylie and Joanne Peterson, second violin; Ann Beck and Karen Burkland, cello; Stanley Jefferson, cello; and Ben Helmer, string bass, will play two carol selections.

Betty Hansen, soprano, will sing a solo accompanied by Mrs. Moore; and Ben Helmer and Ann Beck will be featured in a piano duet.

Admission will be free to the public and no offering will be taken, for the concert will be the music department's way of saying "thank you" to the many patrons who have supported the candy sale and the recent musical, said Conrad Beck.

He said he hoped that despite the busy holiday season the patrons and parents will attend the "Hour of Music" to witness the advancement the young people have made.

Westerberg Will Be Supervisor Of Chippewa Forest

John H. van Baren will be the new supervisor of the Huron-Manistee National Forest in Michigan, announced Regional Forester George S. James today at Milwaukee. He will fill the post to be vacated by Louis A. Pommerening who retires Dec. 30.

Von Baren moves over from the Chippewa National Forest in Minnesota, where he was its forest supervisor for 8 years, into his new headquarters at Cadillac.

From the Huron-Manistee will come the new Chippewa National forest supervisor, Darold D. Westerberg, deputy forest supervisor since 1963, who will move into his new headquarters at Cass Lake, Minn., in mid-January. Westerberg began his forest Service career in 1954 on the Hiawatha National Forest in Upper Michigan, on timber survey projects. Later he was assistant forest ranger at the Mio Ranger District of the Huron National Forest. For two years he served as District Ranger on the Houston District of the Missouri National Forests.

The Westerbergs have two sons at home in Cadillac.

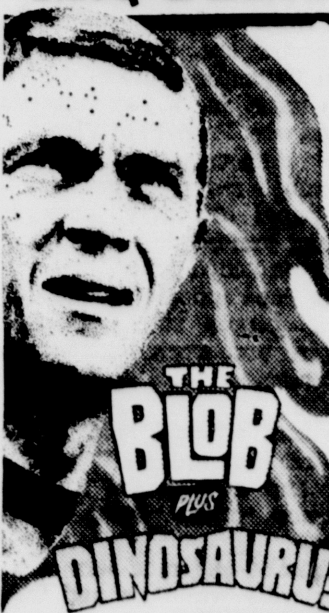

Briefly Told

An immunization clinic will be held Friday from 2 to 4 p. m. at the County Building.

Barbershop singers of the Escanaba-Gladstone SPEBSQSA chorus will entertain at the Delta County Convalescent Home tonight. The singers will meet at the home at 7 p. m. Striped uniform shirts will be worn by the chorus.

Cub Pack 416 of the Washington School will hold its annual family Christmas pot luck supper on Sunday, Dec. 13 at 4:30 p. m. in the Junior High cafeteria. Those who attend are asked to bring their table service and for each four family members a hot dish or salad. Rolls and beverage will be furnished by the Pack. Girl, 17, Makes Medical History In Kidney Case

MINNEAPOLIS (AP) — A year ago Toni Beugen was making medical history.

Today she does a cartwheel if she feels like it and zips off to suburban St. Louis Park High School.

But in doing that she's still making medical history.

Toni, 17, was the subject of a pioneering operation at University of Minnesota hospitals in which she received two kidneys, transplanted to her body from a child who had died.

It was a break-through for doctors who had long wondered how to overcome the human body's tendency to reject tissue not its own.

"It's wonderful how the human mind can repress things it doesn't want to remember," Toni says. "I've completely forgotten the operation and never remember until somebody brings it up."

On the doctor's report the disease is listed as chronic nephritis.

In her own memory the trouble came on slowly, a feeling of increasing tiredness.

Doctors made the diagnosis but kept Toni going with drugs and a series of diets aimed at keeping a proper balance in her blood chemistry.

At one point her menus consisted of butter, sugar and var-

ious forms of water. Now she eats what she pleases.

In July 1963 her kidneys failed, and her parents, Mr. and Mrs. Jack Beugen, began the search for a donor. Dozens volunteered, but none proved acceptable.

In September 1963 parents of a child who had just died after a fall agreed to the transplant. Their names have never been revealed, not even to Toni.

It was a year ago Monday that Toni went home from the hospital.

Now back to a pert 110 pounds after once weighing only 77, Toni is maintaining a B-plus average in high school. She expects to study drama at the University of Minnesota after her graduation next June.

"The doctors are crossing their fingers with me," she says. "I'm their first experiment, their guinea pig, part of their equipment."

As to her own life, Toni evaluates it now as "completely normal."

Offer To Empty Ashtrays Next At Gas Stations

NEWPORT NEWS, Va. (AP) — Susan Kaye Dickenson and Smokey the bear are now in partnership.

Susan, 11, recently wrote a letter to President Johnson with this suggestion:

If service station attendants would offer to empty car ashtrays for customers, more people might use them instead of creating fire hazards by flinging cigarette butts out the window. The Forest Service replied for the President.

"As a result of your suggestion," the letter said, "the folks in Smokey Bear's headquarters will be working with some of the major oil companies to launch a campaign whereby service station attendants will offer to empty ashtrays."

Christmas Trees In Final Phase Of Market Push

Christmas tree sellers are Santa's helpers and they are full of the holiday spirit, but they are commercially cunning too.

They have found that it doesn't pay for them to pile their big city tree lots high with trees. When that happens their customers think that they're overstocked and that the prices will come tumbling down to dispose of them when Christmas nears and they delay buying.

So the tree lot operators keep their stocks down and replenish them as they're sold. This system keeps the Christmas spirit of giving perkier and also makes a bigger Christmas for the Upper Peninsula farmers and woodsmen in the yule tree business.

The U. P. Christmas tree hauling is now in its final phase. Daily trucks move south to Milwaukee and Chicago and

other markets with trees, but the big volume of production has already been moved.

The cutting starts in this area about Nov. 8 and slumps a big in the early deer season—Nov. 15-30—and then steps up briskly.

Joseph Heirman, Delta County Extension director, says that about half the balsams moving to market have been shaped by their growers by pruning, and that all scotch pine sold have been pruned. Some spruces are sold but they lack the popularity of balsam because they do not have as good a reputation as needle keepers.

Heirman said that a typical lot of 100 trees may include 100 red pine, 200 or 300 scotch pine, 100 spruces and the rest balsam firs. The trend of a decade ago toward smaller trees has been maintained and this area's tree producers, says Heirman, are selling as many trees as they used to. An important part of the market is for larger trees for stores, churches, schools and other public usage.

The trend toward plantation trees and pruned wild trees increases as the surplus stock of trees pressures the market for higher quality.

P&H Receives Order From TVA

The Tennessee Valley Authority announced today the award of a contract to Harnischfeger Corp. in Escanaba for purchase of truck cranes with a maximum value of \$246,920. It said that it had ordered a 35-ton mobile crane at \$61,370, with an option to purchase three more if required.

Escanaba Manager Raymond Fish said government orders to the local plant recently included another 35-ton truck crane, a 45 tonner, 50 tonner and 100 tonner. He estimated that government purchases in 1964 have been about a normal proportion of Harnischfeger's Escanaba business or slightly higher. The TVA order came through commercial and not government channels to Harnischfeger and was a routine transaction.

Labor And Congress

Union labor had a big role in the tremendous victory of President Johnson at the polls Nov. 3 and it will be around in January to start asking the White House and Congress for payment.

While Gov. George Romney scored a personal triumph in the election and won front rank among national Republican leaders, Walter Reuther of Detroit, executive vice president of the AFL-CIO, scored an even greater political victory and made himself the most influential national labor politician in power.

President George Meany of the AFL-CIO and Reuther have been familiar figures at the White House and they're certain to step up the pace of their visits now. Reuther has also been long associated with Vice President Humphrey in Americans for Democratic Action, and this will be a helpful relationship as labor presses in the New Year for some of the fruits of the Johnson victory.

Labor isn't undecided at all about what it wants from Congress. It has been pressing for it for years, and it will be trying for its well-known old demands and a few new ones. And labor has never been hesitant about expressing its demands.

Top clamor will be given to repeal of Section 14 (B) of the Taft-Hartley Labor Act, passed in 1947. This act, which unionists call a "slave labor law" permits in its Section 14 (B) the adoption by the states of so-called right-to-work laws. Nineteen states now have such right-to-work acts, barring the union shop. Foes of the unions call the union shop compulsory membership in a union.

Unions prefer a closed shop, requiring union membership as a condition of employment, but have settled for the union shop, in which employees must join the union after a period of from 30 to 90 days. With two-fifths of the states under right-to-work laws in which union membership can't be a condition of employment, the United Auto Workers and other big labor unions with national memberships regard this section of the Taft-Hartley Act as a threat to their future.

They say that right-to-work laws permit non-union workers to enjoy all the benefits of union success without making any contributions to unionism, and that they create an atmosphere of union busting and cause confusion in both unions and industry. The AFL-CIO used to call every year for repeal of the Taft-Hartley Act, now its calling only for repeal of Section 14 (B) to end permission for the states to enact right-to-work laws.

The issue is one which can muster impressive support on both sides, but the AFL-CIO is going to use political muscle more than gentle persuasion to make the union shop a national standard, meaning that Americans may have a legal right to seek employment anywhere, but that practically they can exercise it only by joining a union.

Also coming up in union demands: Medicare, more Social Security benefits and programs, a \$2 minimum hourly wage (it's now \$1.25 and Michigan has a new state minimum wage of \$1 an hour, effective in 1965, a 35-hour work week and double time for overtime work, more federal aid to big city housing and transportation programs, development of natural resources like forests and waterways, more aid to education, new rules for installment buying, less income taxes for workers, etc.

Paying Twice

The postponement of a showdown in the United Nations over the \$52.6 million owed by the U.S.S.R. is a little like doctors calling off a scheduled operation at the last minute—an operation that might very well kill the patient—in hopes of finding a less radical method of treatment.

The surgery specified by the U.N. charter removal of Russia's vote in the General Assembly, is indeed serious to contemplate. Russia is not the only nation wishing to avoid it, though its concern is motivated less by thoughts of the welfare of the organization than by the humiliation of being internationally blackballed.

The United States, which has been the power behind the drive to force the Russians to pay up, realizes that neither it nor the world has anything to gain by such humiliation. Fortunately, the Soviets seem to be beginning to realize that their adamant stand is on increasingly shaky ground, especially since the World Court removed the last legal foundation.

From the Russian point of view, they are being forced to contemplate paying out good rubles as their share of U.N. peacekeeping costs in the Middle East, the Congo and other places where, if they did not actually spend many other rubles helping foment the troubles in the first place, they hoped to profit from them.

This is not the first time the Soviets have worked outside the U.N. to frustrate its objectives (sending arms to the Red Chinese to aid their U.N.-branded aggression in Korea, for example). But it will be the first time they have been called upon to pay at both ends.

Correction

The Press in editorializing on the growing problem of property tax exemptions, cited several local applications. Veterans homestead exemptions were included. It was not stated and it should have been that the state reimburses local governments for all tax losses on exemption of veteran homes. The Press regrets the omission.

PLATE SERVICE

Last Wednesday I drove to Escanaba a distance of over 100 miles there and back to buy a half-year license for our truck. Each time I make this trip I become more irked.

We pay approximately \$100 a year for license plates and that seems like a steep enough price to pay without the added expense of the trip to Escanaba.

Truckers, at least those who are concerned with this particular problem, why don't you do something about this, as I plan to. Write to your state representatives, sign a petition, etc.

Where a problem exists, let us try to correct it. Whether we succeed or we fail, at least we can say we tried.

The World Organization Puts Its Foot Down

Munoz Is Happy

By BRUCE BLOSSAT

SAN JUAN, P. R. (NEA)—Gov. Luis Munoz Marin of Puerto Rico, retiring Jan. 2 after long tenure, has a touchy problem: How to conduct himself in a totally new political role.

In an interview in his official headquarters at La Fortaleza in Old San Juan, the governor summed it up:

"I set a tradition here on how to be a governor. Now I have to set one on how to be an ex-governor."

Greatly esteemed by Puerto Ricans as the island's first elected chief executive, Munoz will be no ordinary emeritus. His necessity will be to find something to hide his light under.

He does not want to do anything to crowd in upon the incoming governor, Roberto Sanchez Vilella. But he still wants to be useful. To help him on that score, Puerto Ricans this fall elected Munoz as a senator at large in their legislature.

Yet he has no intent to carve a big place for himself there, either. Said the governor:

"I intend to be a pretty persistent absentee. I'm not going to throw the weight of the whole history of my governorship at them."

What he really hopes to do, Munoz adds, is to make himself available for counsel without exerting crucial influence in the island's affairs.

That may be hard to manage. It's a little like expecting George Washington to fade into the Mount Vernon greenery after getting the U. S. presidency off to a hero's start.

To begin with, Sanchez is Munoz's man. For years he has served as the governor's chief of staff. The programs he initiates in early 1965 will be, for the most part, extensions of and sequels to the successful Munoz programs. The governor

has a big stake in Sanchez's performance.

Moreover, looking to Munoz for guidance is a deeply etched habit among men in all manner of island endeavors, including, of course, the doings of his own Popular Democratic Party.

The Puerto Ricans who have made a father figure of him may not really allow him to slip into some sort of grandfatherly detachment.

Munoz, 66, insists, nevertheless, he will establish an early record of "being elsewhere." He will do some writing, most particularly "the autobiography of my political thinking."

His surest escape may be in his plan to lecture a good deal in the continental United States, dwelling upon Puerto Rico's remarkable postwar economic uplift and its need for even harder tugs on the island's bootstraps in the years ahead.

The governor will not take part in the Puerto Rican Senate's nuts-and-bolts routine, but will confine his attention to a handful of matters he thinks critical for the island: education, health, unemployment, and a growing delinquency problem.

One State Department figure thinks Munoz could serve President Johnson usefully in some key capacity affecting the whole of Latin America. In the absence of specific proposals, there can be no indication from the governor how that idea would be received.

The sunny mood of Munoz today suggests, however, that he anticipates having some genuine liberty. At the close of my interview he dashed away to greet white-uniformed naval officers from 25 countries around the world. He told them with a grin:

"I'm going to escape this castle. So come back again someday—and I'll see you under a tree."

The Doctor Says:

If You Must Fall, Do It Right

By Dr. Wayne G. Brandstadt

The most sensible answer to bone fractures is prevention.

Don't leave loose objects on the stairs even temporarily. Make sure all stairwells are adequately lighted and use the hand rail when going up and down steps. Slippery floors and small scatter rugs are an invitation to fall, especially when you are in a hurry. All small rugs should have a nonskid backing.

Outdoors in winter, icy steps and sidewalks present a special hazard, especially for the elderly. Removal of the snow, ice and slush from walks provides the safest footing. Sprinkling salt, gravel or cinders on slippery walks is a help. Overshoes should be worn when the walks are slippery. The best kind are those with deeply grooved soles.

Whatever the circumstances, when you are about to fall don't concern yourself with dignity. Relax and slump or roll to the ground. That's what saves clowns, acrobats and parachute jumpers. A relaxed fall distributes your weight over your hips, thighs and hands without serious injury to any of these parts.

If you are carrying a china heirloom when you slip, let it

fall and save yourself. You may get something to replace the heirloom, but where can you get another hip that is anywhere near as good as the one you've got?

Q—I am taking Persistin three times a day. What is it for and are there any side effects?

A—Persistin is a combination of salicylates that is said to have a more sustained effect than aspirin alone. It is given chiefly for severe arthritis. Anyone who is taking this drug should not take aspirin or any other preparations that contain salicylates. This also means avoiding liniments that contain oil of wintergreen. Persistin would have the side effects of all salicylates—nausea due to irritation of the stomach if taken in too large a dose.

Q—My doctor says I have pleurisy of my left lung. Is it dangerous?

A—Pleurisy is an inflammation of the outer lining of the lung. It is usually a complication of some respiratory infection such as bronchitis, pneumonia, tuberculosis, rheumatic fever, or lung abscess. How dangerous it is depends on the underlying cause. In general, dry pleurisy is less serious than wet pleurisy.

People Of U.S. Use 46 Million Christmas Trees

WASHINGTON (AP)—About 46 million Christmas trees will add glitter to the American holiday season this year, the Agriculture Department predicts.

Most of the trees will come from domestic forests and plantations, but about 850,000 will be cut in national forests.

The department said a six-foot tree may take as much as a quart of water daily to keep it fresh and fire-resistant after it is first brought indoors.

Guide Revised For Taxpayers

WASHINGTON (AP)—Remember the swimming pool and oil-well towers that caused such a fuss last April?

Well, they aren't in the new "Your Federal Income Tax." But that's not all the Internal Revenue Service left out of its popular guide.

It rolled off 300,000 copies without realizing some of Acting Commissioner Bertrand M. Harding's opening statement got lost somewhere on its way to the printers.

When you're in the glum business of collecting taxes, though you take things in stride. So, the presses were stopped, the lost copy inserted, and another million or so booklets were run off.

The 300,000 offenders? They are being retained for "internal use," a spokesman said without getting terribly explicit.

That swimming pool and oil-well towers?

They got the revenue service into hot water with some oil men last spring when they were used to illustrate the controversial oil depletion allowance.

The oil men thought the illustration implied favorable tax treatment. Mortimer M. Caplin, who then was the tax commissioner, said nothing of the sort was intended, but he promised it wouldn't appear in the 1965 edition.

So the tax men explain the depletion allowance this time without any pictorial help.

A best seller, "Your Federal Income Tax" has been upped in price from 40 cents to 50 cents a copy, obtainable at district IRS offices.

For the additional dime you get additional reading matter—160 pages instead of last year's 144.

Let Bella Fall For Total Heel

Dear Ann Landers: It's difficult to remain silent when I see about what is right and what is wrong ahead but if you say so I will.

The girl who lives next door is 32 years old. (We went to high school together.) Bella is a sweet person, but very plain, and I'm afraid she's not very smart about the ways of the world.

She has taken a tumble for a bus driver who is handsome, sweet-talking and a total heel. The man is married and has a family but it doesn't interfere with his social life one bit. I've seen women pass up buses in bad weather just to ride with him.

My neighbor's parents have been away for several weeks and the bus driver has been a frequent visitor.

Shall I do Bella a favor and give her a run-down on this rat's history or should I keep my mouth shut? — LITTLE BIRDIE

Dear Birdie: Bella doesn't want to be tipped off, so keep quiet. Let's hope she gets smart before she finds herself stranded in the boondocks — with no transfer.

Dear Ann Landers: My husband's mother lives in a neighboring state. In the 15 years Clyde and I have been married she has never once put my name on a card or a letter. She often underlines the Mr. to make sure I won't open the letter by mistake.

The only time my mother-in-law mentions me is when I am ill. Then she writes "Please tell Evelyn I hope she is back on her feet soon so she can do her housework and be a wife to you."

I've never failed to send my mother-in-law a gift on Mother's Day and on her birthday. (She spends Christmas with us.) Not once has she remembered me or the children on any occasion whatever. Am I a fool to have remained silent all these years?

Maybe I should blow my top and tell both Clyde and his mother how I feel. — PRES-SURE COOKER

Dear Ann Landers: I am a 23-year-old college graduate who should know all the answers but I don't.

Please list some ground rules for working girls who have their

own apartments. I'm confused about what is right and what is wrong when young men visit. Some of my girl friends have given parties that went on so long the fellows became exhausted and fell asleep on the floor. By the time they woke up they decided it was silly to go home so they went to work from there.

No matter how you look at it these boys stayed all night. Is this wrong or right — even if nothing out of the way occurred? And is it respectable for two working girls to have two young men in for dinner? Is it proper for a young woman to go to a young man's apartment and prepare dinner for just the two of them? I need answers. Fast. — NAIVE

Dear Naive: I am typing as fast as I can and I hope this letter reaches you in time. It is NOT proper for guests (male OR female) to fall asleep on the floor and stay all night. Anyone who gets too tired to sit up should go home.

Thumbs up on having young men in to dinner. How else can a girl show off her cooking? Thumbs down on going to a man's apartment to cook dinner for him. And the girl who doesn't know why usually finds out too late.

"The Bride's Guide," ANN LANDERS' booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Sparrow Snipers Nabbed In Rome

ROME (AP)—Rome's "Operazione Passero," a city-wide crackdown on sparrow snipers, ended two with 59 persons facing various charges and an arsenal of confiscated weapons in police hands.

Since Operation Sparrow began a month ago, police, urged on by the Society for Protection of Animals, have seized nine hunting rifles with telescopic sights, 28 air rifles, two air pistols, a gas gun and 1,450 slingshots allegedly used for illegal bird hunting.

Good Will Farm Still Active In Service To U.P.

Good Will Farm at Houghton prepares for the holiday season for the 66th time with plans to make Christmas as cheerful as possible for its children. The occasion is always one which people of the Upper Peninsula use to remember the orphanage.

All gifts to Good Will Farm are spent directly for the care and welfare of its children, explains Herman Gundlach, of the board of trustees. With the exception of the general superintendent, and two women assisting her in care of the children and part time maintenance men, there are no other paid employees of the Good Will Farm Association. All help of the board of trustees,

officers, boards of reference, etc., is voluntary and non-paid, and all of the Good Will Farm activities are financed by private funds.

"Good public relations," explained Gundlach "are actually the only lifeline we have to insure the welfare of the children entrusted in our care."

On Aug. 1 the home had 24 children, with 13 more in foster homes, 2 placed in adoptive homes in the past year, 2 adoptions completed in the year, 5 discharged to the court in the year, 6 discharged to parent in the year and 2 discharged to relatives, a total of 54 children. The home gave 13,603 days of care to children.

The Good Will Farm activities show continued warm interest of the community in the care of its children. Birthdays are made memorable by a birthday cake and gift, there are parties like those at the St. Jo-

seph Medical Center sponsored by the student nurses, the Mass Y Teens provide an evening of entertainment each year, Easter and other holidays are observed festively, there's an annual carnival visit and picnics and some children are also invited to family picnics and birthday parties.

There's is berry picking at the Jarvi Farm, movie going, circus visitations, theater parties. The health program includes participation in the Bay Cliff Health Camp services and the Children's Clinic.

Visits from former wards are always a source of satisfaction and pleasure at Good Will Farm and there are several every year which tell of the progress of former residents. A woman who visited the Farm last summer had been there in 1911.

Escanaba Girl Wins Spot With Spartan Skaters

Delores Waak, 20-year-old Michigan State University student from Escanaba, has won a place on the "Spartanettes" figure skating team which performs between periods of MSU home hockey games.

A 1962 graduate of Escanaba High School, Miss Waak is the daughter of Mr. and Mrs. Helmo Waak, 1223 N. 22nd St.

Miss Waak gained most of her figure skating experience through Escanaba ice reviews. In 1961 she placed second in the senior women's division of the Upper Michigan-Northern Wisconsin figure skating championships.

Miss Waak was one of 24 skaters chosen to the "Spartanettes" after tryouts on the

Delores Waak

East Lansing campus. She is majoring in speech at MSU and will be a junior when in winter term starts in January.

Of the Seven Cities of Cibola only Zuni, N. M., has survived.

Businessmen Ask New Price Laws

Independent business proprietors favor antitrust laws amendment by a majority of 70 per cent, with 23 per cent opposed, and 7 per cent undecided, says C. Wilson Harder, president of the National Federation of Independent Business.

"Under present law, as interpreted by U. S. Supreme Court decisions, an independent businessman subjected to ruinous price competition to drive him out of business cannot file suit on his own behalf," said Harder. "Any action taken to stop such tactics must be filed by the Justice Department."

"Many independent business proprietors," Harder said "would prefer to fight their own battles."

Chips And Splinters

A Christmas greeting with a touch of spring comes from Miss Helen Byerlein, former Escanaban, who resided at the "House o' Ludington" and now is living at the "House o' Lexington." (Lexington Hotel) 2970 W. Grand Blvd., Detroit.

Miss Byerlein, whose special hobby is hats, the latest and most exotic, was affectionately known as "The Hat Lady" when she lived here, and she hasn't changed one bit.

She writes, "Sure and Herps" had a hat of roses of every color, reds and pinks, yesterday. And Peck & Peck's window was full of 'sweet young things' in pale pink coats with their heads covered with roses." Commenting on late reading,

she says: "The Founding Fathers' would probably interest Pat O' Hayes. I'm looking it over. Too, there's a book of recipes of celebrities, each one taking off the personality — Jimmy Hoffa's is scrambled eggs, Dorothy Kilgallen's, stewed tomatoes, and Liz Taylor's shishkabob. 'Point of the Lance' is very good, one of Shriver's speeches prepared for Fordham which was not delivered because of a thunderstorm." "A Merry Christmas to everyone," Miss Byerlein concludes. And "A Merry Christmas to Helen" is the wish of her many Escanaba friends.

Fee Of Million Given Attorney By Hopi Indians

KANAB, Utah (AP)—An attorney who has been helping Indians with their legal problems almost from the time he left law school says he will receive \$1 million from one grateful tribe.

The fee is one of the biggest ever awarded in like circumstances.

The tribal council of the Hopi Tribe in northeast Arizona voted the sum last week for John S. Boyden of Salt Lake City, who helped win an important land case after 26 years of work.

The council said \$778,000 was for legal fees and \$220,000 was in appreciation for "taking the case when no one else would."

Land Title Cleared

The case involved a dispute with the nearby Navajo Indians over more than 2½ million acres of resource-rich land.

Under a lower court decision upheld last year by the U.S. Supreme Court, the tiny Hopi Tribe of 5,000 members received clear title to 631,000 acres and one-half interest in another two million acres.

"It is a wonderful opportunity for a wonderful group of people," said Boyden, who added that the land has a "known value in excess of \$38 million."

"These people didn't have any income in their treasury when I started to represent them," he said.

"They are a very fine and progressive tribe. They take their education very seriously and now have 60 children in college."

Oil Rights Sold

Boyden, 58, was contacted by telephone Friday night at the southern Utah town of Kanab, from where he has been conducting business for the Hopis.

He said the dispute between the Hopis and Navajos dated back to 1882 when the government established the Hopi Reservation.

He said members of the much larger Navajo Tribe claimed about two-thirds of the Hopi Reservation because they said the government settled them on the land.

Since the court award, Boyden said the Hopi Tribe has received \$3 million in bonuses for rights to drill for oil. It also has leased rights to extract 200 million tons of coal, he said.

Boyden said his fee will come from the Indians' new-found wealth and will be divided with two associates who have worked with him on the case, Allen Tibbals and Bryan Croft, both of Salt Lake City.

Boyden received almost no money from the tribe during the years the case was before the courts because "the tribe had no money." He said he paid most court costs and fees himself.

Powers-Spalding

POWERS-SPALDING—Sixty sterling silver honor student pins have been purchased by the Powers-Spalding Board of Education. The pins remain the property of the school. Once a pin is awarded to a student, pin is his for the remainder of the year. If a student fails to make the honor roll during any six weeks period the pin goes back to the award show case and is a challenge to the student to try to get it back.

Each pin has its own plastic box which rests in the show case. When a pin is taken out the name of the student who wears the pin is placed in the box for all to see.

The Parent-Teacher Association voted to hold a banquet at the end of the school year to honor students who have been on the honor roll during all of the six marking periods.

The Powers-Spalding School, for the second marking period, has 28.5% who have earned the converted awards. The Seniors again lead in percentage of honor students with 31.3% although four seniors were dropped from the roll this time.

The sophomore class ranks second with 30.3%. Two sophomores were dropped from the roll and three new members have attained honor rank. The Freshmen rank 3rd with 27.5%. Two people were dropped but two new members have been added to the list. The Juniors rank 4th with 25% but have the distinction of not losing any members and gaining three new ones.

Two Men After Swainson's Seat

LANSING (AP)—The vacancy may be four months away but the running—or at least warm-up jogging—is underway for former Gov. John Swainson's seat on the Democratic National Committee.

Swainson, who became a committeeman this year when Neil Staebler resigned to run for governor, is a candidate for Wayne County Circuit Judge. He's expected to resign sometime prior to the April special election.

Staebler and State Treasurer Sanford Brown are the two best-known names in the speculation race—and each says he's willing to take the committeeman job. At least five other names are being tossed about.

He's Available

The party State Central Committee will choose the new committeeman, but the opinions of Democratic leaders would doubtless carry significant weight.

Brown, who leaves office Jan. 1 unless transition problems develop, said, "if the leadership of the Democratic Party wants me I am available."

"I'm not interested in getting into any great party battle in order to take it. I have been contacted by some that indicated they would be interested in having me."

Staebler, reportedly in some party disfavor since he was swamped by Republican Gov. George Romney, said he is "letting people know I'm interested but I don't plan to push ahead. I'm waiting for other developments," including definite Swainson action.

Staebler said he has not talked to party leadership about the job.

The Ann Arbor businessman has been named chairman of the party's policy committee, but whether this is a pigeon-hole position or one which will carry leadership weight is a subject of dispute.

Jobs Go Together

Staebler said he thinks the policy and national committee jobs "would go together." Staebler, state chairman from 1950 to 1961, was national committeeman for three years.

He wouldn't comment on the prospects of an open fight for the job except to say such a struggle has occurred before.

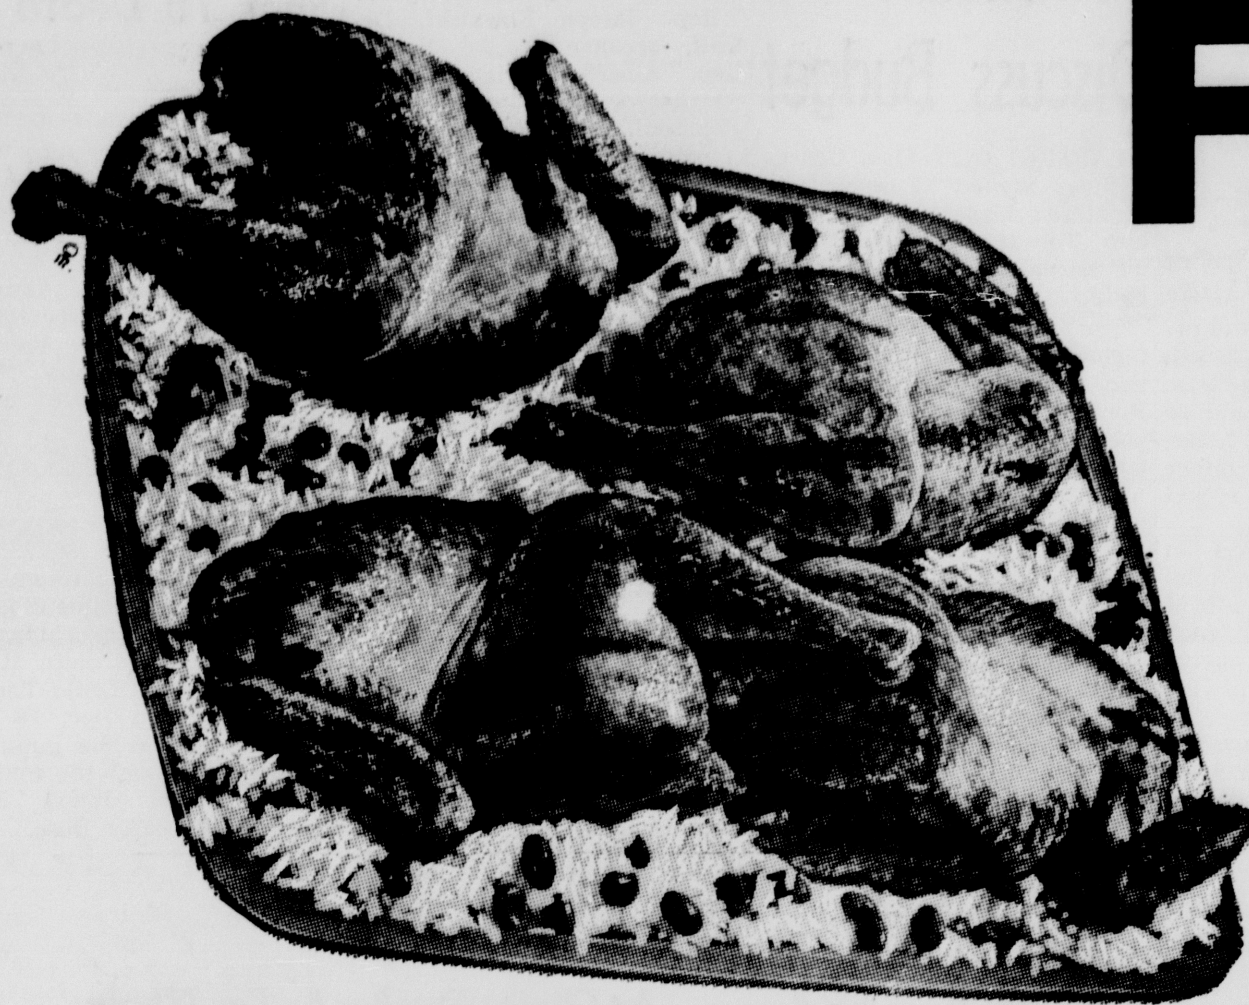

Brown said he didn't think the race "had gotten so far that it's yet much of an issue. I don't think it's narrowed down that much."

That's indicated by the roster of other names cropping up in speculation about the post. Besides Brown and Staebler it includes Stuart Hertzberg, state Democratic finance chairman from Oakland County; Wayne County chairman David Leeborn; deputy secretary of state Gordon Traye; Dr. Leon Fill of Detroit, just elected to the state board of education; and Sheldon Klimist, 17th District Democratic chairman.

Radar Jamming Is Defense Need

Battle Of Beams Team Is Stationed At Sawyer

LAST STAGE inspection of jamming equipment is performed by SSgt. Leozie Perry, ECM field shop coordinator. (USAF Photo)

The "Battle of the Beams" has been an important part of air power since the early part of World War II. When the British introduced radar in 1935, they realized the need for a means of combating this type of electronic warfare.

Electronic countermeasures (ECM) provides aircrews on the modern B-52H bombers at K. I. Sawyer Air Force Base with the ability to keep the enemy's defensive electronic equipment out of action or confused.

The 24 men assigned to the ECM branch, 410th Armanent and Electronics Maintenance Squadron, are responsible for the organizational and field-level maintenance of over \$1 million of equipment installed in the B-52H aircraft.

The ECM branch, supervised by SM/Sgt. Gale McFarland, has installed and presently maintains more active systems than any other branch in the 410th AEMS. Assisting in the supervision of the branch is M/Sgt. Taylor Greene.

The branch is divided into four sections to accomplish the important tasks assigned. MSgt. Jesse Hartsell is the shop chief, T/Sgt. Edward Tomazic, flight line chief, is assisted by S/Sgt. Kenneth Hunt. Heading the chaff and flare section is S/Sgt. Travis Crow. S/Sgt. Leozie

Perry is the field shop coordinator.

The branch has two separate functions which are electronics and the dispensing of expendables or chaff.

The electronics portion is centered around a master receiver that is used for receiving electronic signals from every ground station along the route of the aircraft and to monitor every radar signal initiated by fighter aircraft. It also allows for the transmission of a signal that will jam ground and airborne radar stations, denying

Billboard Ban To Be Studied

LANSING (AP)—The Michigan Roadside Council plans to meet Dec. 16 to discuss a proposal calling for legislation that would ban billboards on certain scenic areas of Michigan highways.

A special commission appointed by the governor, and sponsored by the State Highway Department, would decide which highway areas should receive special treatment, said Bernard Ansley, council chairman.

He said other proposals to be discussed include bringing Michigan under federal regulations for controlling billboards along interstate freeways, thus qualifying the state for a federal bonus, and providing for a system of highway director sites where businessmen could advertise their products and services to motorists.

The aniline dye industry was founded by Sir William Henry Perkin, who discovered and made the first artificial dye made from coal tar.

Lawmakers Will Discuss Budget

LANSING (AP)—Gov. George Romney invited 13 Democratic legislative leaders to meet with him Tuesday for preliminary discussions about the Michigan budget.

The invitations issued today followed through on a post-election promise by Republican Romney to consult with Democrats who will control both houses.

His invitations read: "After checking with Speaker-elect Kowalski and Majority Caucus Chairman Dzundzel, we have set a meeting for Tuesday, Dec. 15th, 3:00 p.m. in my office for the purpose of a preliminary review of budget matters of next fiscal year. I hope you are able to meet with us at that time."

Romney is now in the midst of preparing his 1965-66 budget

for presentation to the legislature early next year.

Invited to the meeting were: Rep. Joseph Kowalski, Detroit, speaker of the House; Rep. Albert Horrigan, Flint, Speaker pro-tem; Rep. Dominic Jacobetti, Nagaunee, associated speaker pro-tem; Rep. William Ryan, Detroit, caucus chairman; Rep. Arthur Law, Pontiac, assistant caucus chairman; Rep. J. Bob Traxler, Bay City, majority floor leader; Rep. William Thorne, Dearborn Heights, associated floor leader; Rep.-Elect Charles Raap, Muskegon, assistant floor leader; Sen. Raymond Dzundzel, Detroit, Senate majority caucus chairman; Sen. Basil Brown, majority floor leader; Sen. John Bowman, Roseville, Senate president pro-tem; Rep. Einar Erlandsen, Escanaba, and Sen. Garland Lane, Flint, ranking Democratic members of legislative budget committees.

Home Jeweler Shot To Death

NEW BALTIMORE (AP)—Apparently shot by a robber, John Egry, 62, was found dead Tuesday behind a jewelry work counter in the rear of a frame home where he lived alone in New Baltimore. The room had been ransacked.

Sheriff Lester A. Almstadt said Egry had been shot in the back of the head. He operated a combination jewelry repair shop and retail store in his home at night.

Art Show

Paintings by impressionist Harold Altman, recipient of two Guggenheim Fellowships, will be on view at Northern Michigan University's Little Theater Lounge through Dec. 16. The exhibit, open to the public, is on display through the courtesy of Maj. James Jones, K. I. Sawyer Air Force Base.

War On 3 Top Killers Urged

WASHINGTON (AP)—A presidential commission called for an unprecedented national assault on the three greatest killers of Americans — heart disease, cancer and cerebral strokes.

Among its major recommendations is creation of a national network of 540 new treatment and other centers.

The blue-ribbon group urged immediate implementation of its "realistic battle plan," saying nearly \$3 billion in federal funds over five years would be needed as a starter. A spokesman said considerable additional funds and other aid from states and cities also would be required.

The 23 physicians, editors, businessmen and others said, in their report to President Johnson, that immediate results

could be expected. Up to several hundred thousand lives a year are "now needlessly sacrificed" because available knowledge is not properly utilized, they said. The commission was appointed last March by Johnson — victim of a heart attack in 1955 — to recommend steps to reduce the incidence of the three diseases from which he said two-thirds of all Americans now living would suffer or die unless something is done about it.

The commission also said it strongly endorses the conclusions and recommendations of the Surgeon General's Advisory Committee on Smoking and Health which termed cigarette smoking a hazard to health.

The commission called for a \$10-million appropriation to the Public Health Service over a three-year period "for a comprehensive national program of education and public information regarding the hazards of cigarette smoking" — including creation of a national network of "smoking control clinics" to help people who wish to give up smoking.

BERRY'S WORLD

"Irony isn't it, that the U.N. should be facing a financial crisis at this time of year, too!"

Harrison Hopes Big Prison Will Be Torn Down

LANSING (AP)—State prison chief Gus Harrison hopes to live to see the day when the State Prison of Southern Michigan will be torn down.

Michigan has the doubtful distinction of owning the world's largest walled prison, at Jackson.

"Eventually, I hope, it will become obsolete," said Harrison, director of the State Corrections Commission. "Our population growth might defeat this. But in modern penology the ideal is for only very small custodial institutions taking care of the unmanageable prisoners."

Harrison's comments were prompted by figures showing that Michigan's prison population is at the lowest point in 16 years.

Lowest Since 1949
The last check showed 8,177 prisoners in Michigan institutions, lowest since the 1949 count of 8,137.

The prison population had soared to a high of 10,601 in mid-July of 1958.

There was a disastrous riot in 1952, attracting nationwide unfavorable attention to the walled prison at Jackson.

At that time, there were 6,481 men, many long-time desperate criminals, confined.

The latest count shows a "J-Town" inmate population of 4,305.

But only 2,930 of those actually live behind the grim, grey walls.

Others are housed outside the walls, in the reception center, as trustees or in farm dormitories or at outside camps.

Fund Requested For TB Care

LANSING (AP)—The chairman of a legislative committee studying tuberculosis says he will recommend to the legislature next month that the state spend an additional \$955,000 a year for care of tuberculosis patients.

Sen. Frank Beadle, R-St. Clair, said the committee voted Wednesday to endorse a proposal for boosting the state subsidy paid to counties for care of hospitalized tuberculosis patients from \$4 to \$6 a day per patient.

The state's share in the cost of tuberculosis patient care has dropped 30 per cent from \$6,608,000 in 1953 to \$4,607,000 currently, while county costs have increased 13 per cent from \$7,681,000 to \$8,704,000, Beadle said.

He said the committee also approved a state appropriation of \$343,000 to assure five-year followup of all discharged tuberculosis patients and a \$150,000 program to learn the value of routine chest x-ray screening of persons admitted to general hospitals.

A proposal to require all school entrants to undergo skin tests for tuberculosis also won committee approval, he said.

Younger prisoners now are being placed in such institutions as the Ionia State Prison so they won't be influenced and victimized by any old-timers.

Convicts Get Chance
More than one third of Michigan's total penal population now is housed outside walls.

"We believe in giving a man a chance," declared Harrison. "There are a lot of evils in a walled-in prison that can't be eliminated."

"If an inmate looks like a good bet for a trustee and can contribute something to society, we will try him out."

Harrison spoke with pride of the Michigan policy of allowing eventual release for lifers—those who killed or were judged habitual criminals.

"On lifers, we've had about a 99 per cent success ratio," he said. "We also believe in the 'mercy' policy for old men who don't want to die in prison."

There has been a higher rate of probation in the last 10 years, Harrison said. He estimated an approximate 10 per cent probation jump in the period.

"Our probation rate is higher now," he added, "because during the current period of prosperity these men have jobs they can go to. We are moving men out of prison faster."

During the depression before World War II, Harrison said, there would be men eligible for parole but no jobs or sponsors waiting for them.

"We had as many as 100 men eligible but jobless," he said.

Harrison said modern penology thinking—trusting the man and trying to help him go back to adjust to society—makes good sense in dollars and cents.

"It takes us about \$1,200 to build a maximum security cell," he said. "It takes about one fifth as much to have a probation officer, a conservation officer or a farmer working with the same man trying to make him a useful citizen again."

Satellite Phone Service Overseas To Start In May

WASHINGTON (AP)—Regular transatlantic telephone communications via a satellite may start between Europe and North America as early as next May.

The Communications Satellite Corp.—COMSAT—said in a statement filed Tuesday with the Federal Communications Commission that its first satellite, known as the Early Bird, will be launched in March.

It is intended to hover 22,300 miles above the equator over the Cape Verde Islands in the Atlantic and will be capable of transmitting television, computer data, telegrams and two-way telephone conversations.

Telephone service will probably be the first operational use, COMSAT said, since the ground stations are geared to it.

Cashmere is the down fiber derived from the underfleece of a domesticated Asian goat, according to the Encyclopaedia Britannica.

PVT. DAVID J. Pokladowski, son of Mr. and Mrs. Frank J. Pokladowski, Bark River, Rte. 1, was graduated first in a class of 42 students from the six-week general supply course at Fort Leonard Wood, Mo., Nov. 13. He entered the Army last July and completed basic training at Fort Leonard Wood. The 18-year-old soldier is a 1964 graduate of Holy Name High School in Escanaba.

Travel Tour Program At Bark River

BARK RIVER—Mr. and Mrs. R. N. Dahlberg showed interesting colored slides of their trip to Hawaii Monday evening at St. George Rosary Society meeting held in the parish hall.

Included were the planting and harvesting of sugar cane, a papaya orchard, banana and coconut trees. Also shown was the planting and harvesting of pineapple. Mr. Dahlberg said it takes from 18 to 24 months to grow a crop of pineapple. He showed pictures of the canning of the pineapple in a factory which covers 56 acres of floor space. More coffee is grown in Hawaii than in Brazil, he said.

Points of interest were Waikiki Beach and towers, Thieves Market, The Needle Rainbow Falls, the Island of Refuge and a volcano crater.

The Fraternity of Christian Doctrine committee chairman, Mrs. Leonard Niquette, presented a program, "The Story of Mother Maria de La Cruz", which tells how the "On Our Way" series, pioneer texts and manuals in the School of Religion program of the Fraternity of Christian Doctrine was born.

During the business meeting a report was given on the collection and shipment of 42 boxes of clothing for the annual Thanksgiving Clothing Drive, all taken care of by Sacred Heart Circle's chairman, Miss Lottie Dugas, and members of her circle.

Mrs. Dan Dugas is chairman of St. Mary's Circle which functions during December and Mrs. Louis Kleiman will be chairman of St. Catherine Circle which will take care of the January activities. The January program will be presented by the Cause of Bishop Baraga committee with Mrs. Tom Brayak as chairman. The guest prize went to Mrs. James LaVigne.

Lunch was served from an attractively decorated table with little angels and greens on a dark green cloth, by the ladies of Sacred Heart Circle.

Murray Patz Receives Award Of Scholarship

A \$300 Teachers Club scholarship has been presented to Murray Patz, son of Mr. and Mrs. Norman Patz, by the Manistique Teachers Association. Murray is a student at Stout Institute in Menomonie, Wis., and is the second winner of the Teachers' club award.

The winner last year was Michael Arrowood, son of Mrs. Leonard Arrowood. He is a student at Michigan Technological university in Houghton.

The scholarship was instituted in 1963 with a money-raising "fun-night." Last year's scholarship money was raised with contributions from members of the Teacher's club. Present plans call for an expansion of the program so the scholarships will be available to more students.

School Will Seek Vocational Aid

The Manistique Board of Education Tuesday night adopted two resolutions which will expand and augment offerings and facilities. Passed were measures to encumber National Defense Education funds and to apply for participation in the vocational education act, which has been funded.

The school district applied for \$57,358.97 and the department of public indicated \$49,419 could qualify under the defense education act. Thus far the approved allocated amount is \$4898.40, of which 55.8 percent will be reimbursed. In January the district will be notified if more will be available.

The vocational education assistance act provides financial assistance to extend and improve existing programs of vocational-technical education and to develop new programs of this type.

Teachers' Citizen Role
In Michigan it will assist educational agencies in providing vocational education for persons attending high school and construction of area vocational education school facilities. The local application will seek to qualify the work experience programs in home economics and a commercial program preparing for a vocation. The board also adopted a resolution which encourages and recognizes right of teachers to participate actively in local government. It states the employee may be absent from teaching, after proper notification, with only the substitute's pay deducted for the absences. Also adopted was a resolution providing additional compensation at 50 cents per hour when custodial persons are involved in construction or remodeling projects which entail

British Guiana Loser Spurned

GEORGETOWN, British Guiana (AP) — Opposition leader Forbes Burnham today rejected maneuvers by Premier Cheddi Jagan to remain in the government of British Guiana.

Burnham turned down Jagan's overture to join forces with him and said instead he would form a government with the support of the country's third party, Peter D'Aguar's ultraconservative United Force. He said D'Aguar had offered to support him.

Jagan, who won a plurality but not a majority in the voting, said he would fight efforts to install a coalition of Burnham's Negro People's National Congress and the United Force.

Had Jagan teamed up with Burnham, he could have claimed credit for any governmental accomplishments. With East Indians outnumbering the Negroes 3 to 2, it would have given him a good chance for victory in the next election.

A moderate Socialist, Burnham had refused to ally himself with the radical Jagan on other occasions.

Infant Son Of Anthony Clarks Taken By Death

Matthew Anthony Clark, infant son of Mr. and Mrs. Anthony Clark of Escanaba Rte. 1, died Wednesday evening shortly after birth at St. Francis Hospital.

Surviving besides the parents are the paternal grandparents, Mr. and Mrs. Matt Clark of Escanaba Rte. 1, and the maternal grandparents, Mr. and Mrs. Harvey Kasbohm of Peronville. The mother is the former Elsie Kasbohm.

The body was taken to the Boyle Funeral Home at Bark River. The funeral services were held at 4 p.m. today in St. George's Church with the Mgr. J. J. Dunleavy officiating. Burial was in the Bark River Cemetery.

Copper Country Hamlet Reports 74-Inch Snow

DELAWARE (AP) — This Upper Peninsula hamlet has the distinction of helping Keweenaw become the first of Michigan's 83 counties to qualify for state snow removal funds this winter.

As of last Monday 74 inches of snow reportedly had fallen on Delaware, which lies halfway up the Keweenaw Peninsula which juts out into Lake Superior. A total of 70 recorded inches is all that is needed to qualify for state aid.

Keweenaw County engineer John Jackson said this year's snowfall is the heaviest in recorded history. He added that few Michigan communities record 70 inches of snowfall in an entire winter.

Clevenger Will Be Honored Here

Congressman-elect Raymond F. Clevenger and his wife, Francie, will be honored at a reception at the Legion Clubhouse starting at 5 p.m. Sunday, announces Robert Olsen, Delta County Democratic chairman.

A smorgasbord will be served to those who wish to stay for the evening and the reservations may be made with any Democratic County Committee member or by calling Mrs. Rodger Murray, ST 6-1142.

This will be Congressman Clevenger's last visit to Escanaba before taking up residence in Washington to represent the new 11th District there in Congress. He defeated Congressman Victor A. Knox of Sault Ste. Marie in the Nov. 3 election to win the office.

Mr. and Mrs. Clevenger are in Washington this week house hunting. Their Upper Peninsula home is in Sault Ste. Marie, where Clevenger, a lawyer, has been practicing law.

Clevenger may announce his staff appointments on his visit here. He has told party leaders that he will announce 9 appointments shortly. Several are expected to be named from the Upper Peninsula.

The 11th District embraces all 15 U.P. counties and 7 in the Lower Peninsula.

Beech-Nut May Go To Holland

HOLLAND (AP) — Prospects appeared hopeful Wednesday that Beech-Nut Life Savers, Inc., of Canajoharie, N. Y., was near execution of an option taken last October on Holland land for a possible new plant.

The 98-acre parcel lies in Allegan County but within the southern Holland city limits.

A spokesman for the corporation whose products range from sweets to baby foods indicated that feasibility surveys were satisfactory and negotiations could be concluded by next month.

Roscoe Giles, executive vice president of the Holland Economic Development Corp. (HEDCOR) which owns the land, said he was "very hopeful" that the option would be taken up and a formal contract signed.

Disclosure last October that the Beech-Nut organization was considering Holland as a plant site was accompanied by reports that the project would cover an industrial complex estimated at up to \$11 million over a 3-year period and employ about 350 persons at the start of operations.

The firm earlier had surveyed a Berrien County site for a proposed packing plant and research laboratory.

The committee also decided that the "party girl" issue that has bobbed up in the Baker probe required no further investigation.

Jenkins resigned in the midst of the presidential campaign after disclosure he twice had been arrested on morals charges. His resignation was requested by President Johnson, with whom he had been closely associated for 25 years.

The Senate Rules Committee announced no date for questioning Jenkins as part of its probe into the outside business and financial dealings of Baker, former secretary to the Senate's Democratic majority.

Jenkins' name was brought into the inquiry months ago in testimony by Don B. Reynolds, a local insurance agent, about the purchase of advertising time on an Austin, Tex., television station controlled by President Johnson's family.

Sen. B. Everett Jordan, D-N.C., the committee chairman, said he would issue a statement later on decisions taken at a closed meeting Wednesday that lasted for four hours.

Baker Hearing Ends For 1964

WASHINGTON (AP) — The Senate's stormy Bobby Baker hearings have been closed down until next year after agreement was reached to call former White House aide Walter Jenkins to testify.

The committee also decided that the "party girl" issue that has bobbed up in the Baker probe required no further investigation.

Jenkins resigned in the midst of the presidential campaign after disclosure he twice had been arrested on morals charges. His resignation was requested by President Johnson, with whom he had been closely associated for 25 years.

The Senate Rules Committee announced no date for questioning Jenkins as part of its probe into the outside business and financial dealings of Baker, former secretary to the Senate's Democratic majority.

Peninsula Potpourri

WHITE PINE — Carp Lake Township voters approved an \$830,000 bond issue proposed by the White Pine School District for elementary and high school improvements. Vote was 230 yes, 112 no.

MENOMINEE — Mrs. Paul Carlson, the former Lois Lindholm of Menominee, wife of the American medical missionary who was killed in Africa last month by Congo Rebels, will remain in Africa with her two children until the first of the year, according to Dr. Arden Almquist, executive secretary of the Covenant World Missions of Chicago. "Lois is in good health, but a bit 'fired,'" Dr. Almquist said. A fund established by the Menominee Herald-Leader for education of Mrs. Carlson's two children now totals \$1,080.

CRANDON, Wis. — Antigo, Wis. has been selected as site for the 1965 Lake States Logging Congress by the directors of the Timber Producers Association, Inc., of Michigan and Wisconsin at a meeting here. Ironwood, Marinette-Menominee, Ishpeming and Wausau, Wis., also bid for the congress.

MENOMINEE — A bid of \$21,045 by V & M Electric Co. of Menominee was accepted by the City Council here for part of the waterworks improvement project. Three bids for a water pumping unit and piping are being withheld pending further study by the board of public works.

MARQUETTE — Extensive work is being done at the Marquette Winter sports area at Mt. Messard. A new tow is being installed, a second improved and additional lights installed on the hills for night skiing.

MARQUETTE — Northern Michigan University has received an \$11,623 grant from the National Institute of Health for continuation of research in the use of carbon dioxide by plants. The project uses radioactive tracers to study in which plants take carbon dioxide from the air and convert it into different plant compounds.

Rest Areas Closing

The Highway Department will close 5 of 8 freeway safety rest areas on U. S. 27 and I 75 between Houghton Lake and the Mackinac Bridge for the winter on Saturday. Snowfall makes it too difficult to maintain them.

STATE POLICE Trooper Hugh Fish and the 500-pound cow elk he shot near Vanderbilt. With him were his sons, Steven, 15, at right and Mark, 11. One .30-06 shot downed the elk, which dressed at 370 pounds. The animal was in a group of seven seen the fourth day. The trio saw a bull elk the first day and stalked four days to sight the next. With temperatures 24 below zero, the group stayed in a tent. (Daily Press Photo)

Pellet Ore Tops 2 Million Tons

The Chicago & North Western Railway has shipped almost 6½ million tons of iron ore from Escanaba so far this season, and of this total 2,218,373 tons are pellet ore.

L. A. McMillan, C&NW dock agent, said the last boat of the season, the Hanna line's Canahan, is scheduled to clear the Escanaba harbor with a cargo of pellet ore for Detroit on Monday.

Last year the ore shipping

season closed on Dec. 16.

The volume of pellet ore has surpassed earlier expectations. The Escanaba Chamber of Commerce, in reply to an inquiry from the Great Lakes Commission, Ann Arbor, reported that most of the pellet ore shipped from Escanaba came from Hanna's Groveland mine near Iron Mountain.

Groveland sent 1,414,258 tons to Escanaba for loading this year compared to about 800,000 last year.

Other pellet sources this year are from new operations on the Marquette range: Empire mine 777,900 and Republic mine 26,215 tons.

basic foreign policy positions. They have, however, served to strengthen the impression of U.S. policy makers that the Soviet government wants to maintain friendly relations with the West and may be ready at some point in the next year to negotiate on specific issues such as new, limited disarmament measures, settlement of Russia's long-standing lend-lease debt to the United States, and trade relations.

Briefly Told

Escanaba police have issued a traffic court summons to John J. Parins, 210 Stephenson Ave., improper turn and obscured vision; and to Rodney Lemerand, 1608 Washington Ave., expired operator's license.

Dr. William Jones Jr., of Menominee will be released from St. Joseph-Lloyd Hospital there today after treatment for head injuries suffered when his ice yacht struck a tree. He was wearing a crash helmet but suffered chin and other injuries on Lake Noyebay ice when his boat tiller failed.

Two Escanaba youths were arrested by city police at 11:46 p.m. Wednesday at the Auto-way Truck Stop on N. 21st St. and charged with attempting to steal gasoline. Joseph Grenier, 18, of 412 S. 8th St., pleaded guilty to the charge in Municipal Court today and was sentenced to one year's probation. Gary Beauchamp, 17, of 803 1st Ave. N., was to be arraigned later today.

Schools Adopt 'Primary Unit'

DETROIT (AP) — Kindergarten and first graders will be in the same school unit starting in February in Detroit's public schools.

Ultimately, second graders will join them.

This will mean that children between 5 and 7 years of age won't be changing grades during the first three years of their school time.

The youngsters are to be grouped within the single "primary unit" according to their progress and not their ages.

There will be no "failures," in the ordinary sense of the word. Some children may complete unit schooling within less than three years, others may require more time.

Supt. Samuel M. Brownell, announcing the plan Wednesday, said the new program results from successful experimentation at several individual schools. Detroit has 220 elementary schools.

Civil Rights Act Foes Defeated In Congress Races

WASHINGTON — The last election results may make it a long time before anyone again opposes a civil-rights bill. Four congressmen from Michigan who opposed this year's bill were defeated for re-election.

They are John Lesinski, Dearborn Democrat, and Republicans Victor Knox of Sault Ste. Marie, George Meader of Ann Arbor and August Johansen of Battle Creek.

Defeat of the one Democrat and three Republicans was the more noteworthy because all were running in districts with low percentages of Negroes. In the 11th District in which Knox sought reelection and where Democrat Ray Clevenger of Sault Ste. Marie won, the Negro population is less than one-half of one per cent.

Republican congressmen who fared best were those who supported legislation endorsed by President Johnson. Congressional Quarterly checked 52 House roll calls in 1964 in which President Johnson's support or opposition was an issue. Knox voted 29 per cent support and 60 per cent opposition, Johansen 19-73; Meader 21-42.

Of 21 Republican congressmen from states outside the South who voted against the civil-rights act, 11 were defeated.

Uniform 24-Hour Voting Proposed

NEW YORK (AP) — Dr. Frank Stanton, president of the Columbia Broadcasting System, proposes a uniform 24-hour voting day for national elections, with all polls opening and closing simultaneously throughout the country.

Stanton made his suggestion Tuesday to 600 life insurance executives at the annual meeting of the Institute of Life Insurance.

TOURNEY—Northern Michigan University hosts its third annual basketball tournament this weekend with Aquinas, Ferris and Michigan Tech the visiting teams . . . Ferris meets Tech and Northern plays Aquinas Friday night . . . The losers meet at 1:30 and the winners at 3:30 Saturday afternoon . . . Con Yagodzinski, 6 foot 5 inch sophomore from Holy Name is Northern's second leading scorer and rebounder, averaging 18.6 points and 10 rebounds per game.

RANGERS — The Marquette Iron Rangers will play their first home game in the United States Hockey League tonight against Green Bay, the team that defeated them 5-3 in Packerland Saturday night . . . Officials of the Marquette club this week announced that the balcony will be rebuilt at the Palestra to increase seating capacity for the home games.

RUDYARD—Two former stars for Coach Bill Howes at Rudyard are playing college basketball this season . . . Ron Hintz, slick 6 foot 1 inch guard, is on the varsity at Wayne State in Nebraska and recently came off the bench to score 20 points in a 102-71 triumph over South Dakota . . . Joel Ploegstra, 6 foot 5 inch forward, is on the squad at Calvin College.

IDAHO—Dennie Beauchamp, son of former Nahma residents, Mr. and Mrs. Glenn Beauchamp of Couer d'Alene, Idaho, has been named to the Idaho All-State football team . . . The 180 pound senior guard is tentatively headed for the University of Idaho . . . His grandparents are Mr. and Mrs. Homer Beauchamp and Mrs. Ada Dennison of Nahma.

GREAT LAKES—The Great Lakes Conference, a patsy for non-conference football foes this fall, is in the same boat as far as basketball is concerned thus far this winter . . . GLC quintets have played seven outside foes and have lost to five of them . . . As usual, Holy Name is the most painful thorn in the Great Lakes hide, with three straight victories over conference quintets.

JUMPING—Crystella Ski Hill near Crystal Falls has been named the site of the Michigan Junior Ski Jumping tournament to be held Feb. 7 . . . Junior jumpers from throughout Michigan and Wisconsin will be eligible to compete in various divisions . . . Judges will be Walter Biella and Rudy Maki of Iron Mountain, members of United States Olympic team in past years.

CORRECTION—Bob Gale, lanky Trout Creek center who has scored 83 points in two starts this season, was incorrectly listed as a freshman in a recent column item . . . He is a junior on Coach Bruce Warren's Trout Creek club.

Huskies Tackle Tough Cage Foe

HOUGHTON—Michigan Tech will go up against another one of Jim Wink's explosive Ferris State basketball teams Friday night when the Huskies and Bulldogs open the Northern Michigan Classic.

Coach Wink has six lettermen back from his state small-college championship team of last year. The Bulldogs are as strong, if not stronger, this year. In Bernie Kilpatrick, Ferris has just about the top college player in the State. Kilpatrick averaged better than 18 points per game last season and can play any position on the team. His rebounding ability alone will cause Michigan Tech more trouble than the Huskies can handle. Kilpatrick stands 6-5.

Also back this year are forwards Jerry Isler (6-4) and Ed Scott (6-4), along with guards Rudy Ranson (6-1), Clyde Benenbaugh (5-10) and Milt Sanders (6-1). "Kilpatrick is one of the top players we will meet this year," said Michigan Tech Coach Verdie Cox. "He can do everything. And Isler is another boy who uses his height well. Ferris must be rated the second best team in this year's tournament."

The Ishpeming Hematites, locked in a three way tie for first place in the Great Lakes Conference, will invade Escanaba Friday night.

Coach Duane Phillips' Hematites have decided Manistique and Munising in their two conference starts thus far this season. In non-conference action they have toppled Iron Mountain while bowing to highly regarded Stambaugh of the Menominee Range circuit.

Heading the cast of Hematites in action here Friday night will be classy Doug Pertunen, one of the leading gunners in the GLC this season. Pertunen is a husky 5 foot 8 inch senior who is in his fourth season on the Ishpeming varsity. He scored 276 points in regular season action and added 99 in three district and regional tournament games last season.

Other players slated for action against the Eskymos are Bill Zhulkie, Jeff DeCaixe,

Smith To Miss Lions' Finale

DETROIT (AP)—A leg injury and gall bladder affliction are expected to prevent offensive tackle J. D. Smith from action in the Detroit Lions' final National Football League game Sunday.

Smith was admitted to a hospital for treatment of what was described Wednesday as acute inflammation of the gall bladder. Smith injured a calf muscle earlier.

The Lions end their season in a home game with San Francisco.

NFL Football News 'N Notes

PUNTER YALE LARY of the Detroit Lions is up to his old tricks again, and as a result he got the Lions off to their first touchdown in the 31-14 victory that broke Baltimore's 11-game winning streak last week. The Lions had a fourth and two situation on their own 44 early in the first period, and Lary, from punt formation, ran nine yards for a first down on the Colt 47 . . . The play kept the Detroit drive going and they eventually scored to go ahead 7-0 . . . It was the second time this season Lary ran instead of punted and the 10th time in his 11-year career . . . He has gained 153 yards on the surprise move for a fat 15.3 average . . . "I don't call the play," Yale explains. "Coach George Wilson does, but I do have the option of not running if I feel it would be futile. Most of the time I'll run when I see the defense loaded up to one side." . . . Actually, Lary has changed his mind several times after starting to run, and he's kicked on the run . . . The Lions surprised the Colts basically with ball control, running a total of 62 offensive plays to the Western champions' 53 . . . Detroit fullback Nick Pietrosante carried the ball 27 times, four more than ever before in one game, and he personally accounted for five of the Lions' 21 first downs . . . Pietrosante gained 78 yards, 12 less than the entire Baltimore team.

IN THE EXPLOSIVE second period at St. Louis last Sunday when the Cardinals took a 21-3 lead over the Eastern Conference leaders, the Cleveland Browns, St. Louis QB Charley Johnson hit on seven of nine passes for 97 yards and two TDs . . . And he scored the other TD of the quarter on a one-yard run . . . Said Charley: "It was the most satisfying game I ever played. I felt I did things the way they should be done." . . . The Cards won 28-19, and the fourth TD, too, was scored by Johnson.

BALTIMORE SPLIT END Raymond Berry, with 501 lifetime receptions, needs only three in the Colts' final game with Washington to become the NFL's alltime pass catching leader . . . Billy Howton, who retired after last season, caught 503.

"MOST INSPIRATIONAL BALL PLAYER" is the award teammates voted to Charles Krueger on the eve of last week's game with Los Angeles . . . And on Sunday, the San Francisco 49er defensive tackle went out and lived up to it by leading a pass rush that threw Ram passer Bill Munson 10 times for 62 yards lost attempting to pass in a 28-7 49er victory . . . SF tight end Monte Stickles had the biggest day of his five-year career, catching eight passes for 147 yards and one TD . . . Five was the most he had ever caught previously.

DALLAS ROOKIE SAFETY and kick runback expert Mel Renfro broke his second kickoff return record in two weeks in the midst of the Cowboys' 24-14 defeat by Philadelphia last week . . . He returned five kickoffs against the Eagles to run his season total to 39, two more than the previous record 37 by Abe Woodson of San Francisco in 1962 . . . The previous week, against Green Bay, Renfro ran back eight kickoffs to surpass another of Woodson's marks . . . Abe ran back seven against Detroit in 1962 . . . Renfro, who is currently seventh in kickoff returns, second in punt returns and tied for fourth in interceptions, also has an outside chance at another Woodson mark—most yards gained on kickoff returns in a single season . . . Abe had 1,157 in 1962. Renfro now has 991 with one game to play . . . Says Dallas Coach Tom Landry: "The only way they can keep Mel from running back kickoffs and punts is to kick them out of the end zone or out of bounds."

GREEN BAY DEFENSIVE END Lionel Aldridge has taken over the individual lead in opponents' fumbles recovered . . . He now has five after getting one last week.

Royals Seek Rare Victory

By The Associated Press

The Cincinnati Royals haven't beaten the champion Boston Celtics in three tries this season in the National Basketball Association. Tonight may be the night when the teams clash at Cincinnati.

The Royals warmed up for their fourth meeting with the champs by defeating the Detroit Pistons 122-114 on the road Wednesday night.

Oscar Robertson, with 32 points which included three vital baskets that stayed off a late Detroit rally, sparked the Royals to their third straight win and their fifth in their last six starts. They now trail Boston by 3½ games in the Eastern Division.

The New York Knicks beat the Baltimore Bullets 111-90 in the other NBA game scheduled Wednesday. It was the first road victory for the Knicks this season and ended a six-game losing streak.

Ring Honors Emile Griffith

NEW YORK (AP) — Welterweight champion Emile Griffith, who stopped England's Dave Charney in a non-title bout in London, was named Ring Magazine's Fighter of the Month.

In its December ratings, released today, Ring elevated Zora Folley of Chandler, Ariz., to No. 4 contender among the heavyweights. He replaced Cleveland Williams, now recovering from pistol wounds suffered in a scuffle with police. Williams, of Houston, was dropped to sixth.

Ring still lists Cassius Clay as heavyweight champion. Sonny Liston is the No. 1 contender and Floyd Patterson second. Ernie Terrell, of Philadelphia, rated No. 1 by the World Boxing Association, is the No. 3 contender in Ring's ratings.

Big Ten Opens Winter Meeting

CHICAGO (AP) — Big Ten Athletic directors and faculty representatives open their winter business meetings today and all is calm.

Biggest surprise is endorsement by football coaches of officiating as generally excellent last fall. Beefs about this usually abound.

"The coaches reported that officiating was better than ever," said a conference spokesman. "There were some mistakes, but no major complaints."

The directors and faculty group meet separately Thursday and jointly Friday.

Final approval is expected Friday for a policy that rules ineligible any conference athlete who participates in competition not sanctioned by a federation. This would lower the boom on participation in AAU sanctioned events.

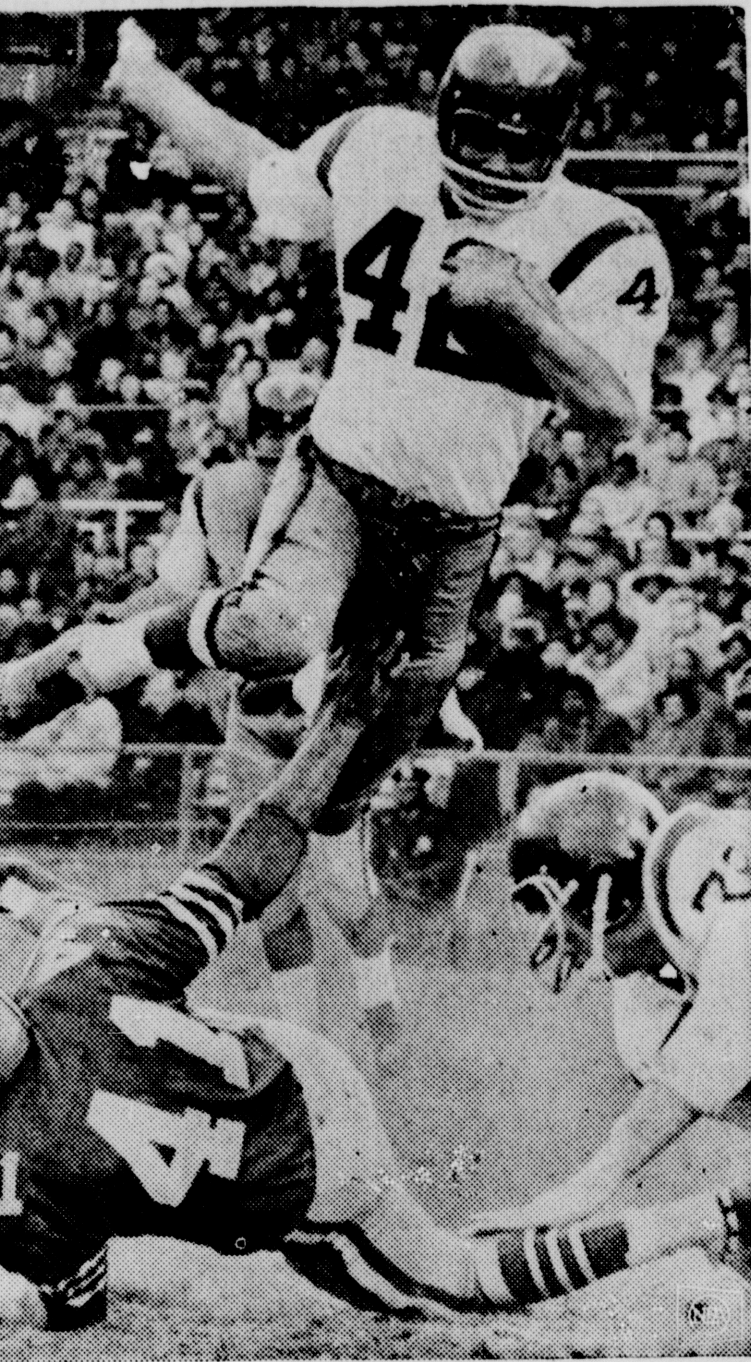

Red Wings Play Tie With Hornets

PITTSBURGH (AP) — Ted Hampson scored with just four seconds left in the third period and two teammates in the penalty box Wednesday night as the Pittsburgh Hornets tied their parent club, the Detroit Red Wings of the National Hockey League, 3-3.

The American Hockey League Hornets scored first in the exhibition game before 5,400 on Yves Locas' second period goal. Locas also scored in the third.

Detroit's Norm Ullman got a pair of goals in the second and Alex Delvecchio put the Red Wings ahead 3-2 in the third.

Hampson took a pass at center ice from Irv Spencer, got past the Detroit defensemen and goalie Roger Crozier for the tie.

Charley Taylor

Charley Taylor Rookie Of Year In NFL Circles

WASHINGTON (AP) — His college coach used to needle him for lack of chatter and hustle on the practice field.

Otto Graham, coach of the College All-Stars, said he was lazy.

"I'm just not built to make a lot of noise," explains Charley Taylor of the Washington Redskins. "I just run each play the best I can, then hurry back to the huddle."

But the 6-foot-3, 210-pound halfback's running and pass catching speak eloquently. Barring a near-collapse Sunday in the final game against Baltimore, he will be the first National Football League rookie in more than 20 years to finish in the top 10 in both rushing and pass receiving.

Taylor was named NFL Rookie of the Year Wednesday by an Associated Press panel of sports writers and sportscasters. He received 18 of a possible 42 votes.

Tied for runner-up, with five votes each, were his Redskin teammate, safetymen Paul Krause, and Cleveland split end Paul Warfield.

"Taylor probably is the greatest natural football player I've ever seen," says Redskin Coach Bill McPeak. "He combines power, speed and fine open field moves."

At Arizona State, Taylor played right halfback and was mainly used as a wingback on offense to block, catch passes and run an occasional reverse.

Canadian Runner Has Operation

TORONTO (AP) — Bruce Kidd, standout Canadian distance runner, will not run for at least eight weeks, according to his doctor, but may be running normally next summer.

Dr. W.J. Virgin, an orthopedic surgeon, said Kidd was operated on Wednesday and doctors removed scar tissue and a bony spur on his left heel. He described the operation as "routine."

Michigan Bombs Indiana State For Fourth Win

ANN ARBOR (AP) — No. 1-ranked Michigan demonstrated its basketball shooting prowess, beating Indiana State 102-64 Wednesday night.

On its way to a fourth straight victory, the Wolverines made nearly 62 per cent of their shots from the floor in the first half to build a 30-point halftime lead.

Indiana State made nearly 47 per cent of its shots in the first half. The Sycamores, however, outshot the Wolverines in the second half, 37 to 36 per cent.

Michigan's Cazzie Russell led all scorers with 27 points.

Butch Wade paced Indiana State with 21.

"We tapered off more than

we should have in the second half," Coach Dave Strack said. "It's natural, but I never want to see the club relax."

Strack said the Wolverines were in fine physical condition as they completed their third game in five nights. He said he has to squeeze in six early games because of Michigan's trimester academic schedule under which final exams begin next week.

"I knew that Michigan was good but they had a hot shooting game," Sycamore Coach Duane Klueh said. "They were hitting from everywhere."

Klueh praised Russell as "the nearest thing to Oscar Robertson (Cincinnati Royals pro star) I've seen." Klueh's Sycamores played against Robertson when he was at the University of Cincinnati.

Michigan regulars saw more service Wednesday night than they did Monday against Missouri. "I couldn't let them out after 10 to 11 minutes. When the chips are down, they will have to play 40 minutes," Strack said.

Piccolo Wins Rushing Title

NEW YORK (AP) — Brian Piccolo of Wake Forest has officially been awarded major college football's 1964 rushing and scoring titles — after making the longest climb of any double winner in history.

Piccolo won the rushing title with 1,044 yards gained in 10 games to 1,004 for runner-up Jim Grabowski of Illinois, who played in nine games. Piccolo scored 111 points on 17 touchdowns and nine extra points, edging Howard Twilley of Tulsa by one point.

In 1963, Piccolo finished 119th in rushing and tied for 251st in scoring with 367 yards and 22 points.

Piccolo's 111 points this season were eight more than the entire Wake Forest team scored in all of 1962 and 1963 combined.

Behind the runners-up in both rushing and scoring was Al Nelson of Cincinnati with 973 yards and 82 points.

Italians Meet For Ring Crown

ROME (AP) — Junior welterweight titleholder Sandro Mazzinghi meets Fortunato Manca in a championship fight Friday — the first time in history two Italians will be battling for a world crown.

"I know I am the underdog," said Manca, "but never mind. I'll eat Mazzinghi up in one chunk."

Albion Awarded Football Trophy

ALBION (AP) — Albion High School was presented the Associated Press' Class B high school football trophy at a student assembly Wednesday.

The unbeaten Albion football team had been named the mythical Class B state champions last month.

The trophy, donated last year by the Ypsilanti Breakfast Optimist Club, was presented by Jerry Connolly, club president.

Head football coach Fritz Lewis, who was in his first year at the helm after holding similar positions at Otsego and Roscommon, accepted the trophy.

Albion, rated with the Class A schools in 1963, took over the lead in the weekly poll in the second to last week of the season and outdistanced all contenders in the final balloting.

The Wildcats replace Willow Run as the state's top Class B team.

Bernie Kennedy, Michigan sports editor for the Associated Press, assisted in the trophy presentation.

Baltimore's Shula Is Coach Of Year

NEW YORK (AP) — Don Shula's job of leading the Baltimore Colts to the Western Conference title of the National Football League in his second year as head coach earned him recognition today as the league's Coach of the Year by an Associated Press panel.

Shula won by a landslide in the voting of the 42-man group, three from each league city, votes to three for Blanton Collier of Cleveland. One committee member did not vote in this category.

The 1963 winner was George Halas, owner-coach of the Chicago Bears.

Under Shula's direction, the Colts bounced back from an

opening-day 34-24 defeat by Minnesota and streaked through 11 straight games before they lost to Detroit last Sunday. En route, they clinched the Western crown and whipped the favored Green Bay Packers and defending champion Chicago Bears twice each. The first Bear game was a shocking 52-0 rout.

Shula, 34, came to the Colts as successor to Weeb Ewbank after the 1962 season, following a career as a defensive back in the NFL and three years as line coach for the Detroit Lions under George Wilson.

Drafted by the Cleveland Browns in 1951 after a fine career at John Carroll University, Shula came to Baltimore in 1953

in a 10-for-5 player swap. He played with the Colts defensive backfield through 1956 and finished his active career with Washington in 1957.

Shula's first coaching job was as an assistant at Virginia in 1958. He was an assistant at Kentucky in 1959 and moved to the Lions in 1960.

Under Shula's direction in 1963, the Colts got off to a wobbly start while breaking in rookies and filling in for injured regulars. Baltimore came with a rush at the end and won five of its last six to finish in third place.

A sensational comeback by Lenny Moore, an inspired year by Johnny Unitas and the addition of rookie Tony Lorick to share the fullback job with Jerry Hill gave the Colts a potent offense. The return of Gino Marchetti, who had announced his retirement, fine play by Bill Pellington at middle linebacker helped solidify the defensive unit.

Kentucky Soph Hits 37 Points

By The Associated Press

Louie Dampier is turning out to be one of the star sophomores of the college basketball season.

The six-footer from Indianapolis exploded for 37 points to lead the ninth-ranked Kentucky Wildcats to a 100-74 victory over Iowa State Wednesday night.

"He did a tremendous job," veteran coach Adolph Rupp said after Dampier, aided by another soph, Pat Riley of Schenectady, N.Y., put the Wildcats back on the winning side after their road defeat to North Carolina Monday.

Dampier got his 37 points on 17 field goals and three fouls while Riley contributed 18 points including a three-point play that put Kentucky ahead for good at 17-15.

Michigan's Wolverines, the country's No. 1 team in The Associated Press rankings, crushed Indiana State 102-64 and the second-ranked Wichita State 100-64 in two straight with a 73-55 romp over Texas Western. Both were home-court victories.

Cazzie Russell's 27 points led the unbeaten Wolverines to their fourth straight. Dave Stallworth also scored 27 points and put on a spectacular defensive performance in sparking Wichita.

In a couple of one-point decisions Ohio State edged Butler 67-66 on Al Rowley's basket with 12 seconds left at Columbus, Ohio, and Cornell's Big Red invaded Syracuse and surprised the Orange 73-72. Two free

Chicago Rips Rangers, 6-1

By The Associated Press

It was a night for the unexpected in the National Hockey League.

In New York, Bobby Hull, who specializes in goal scoring, battled defensive shadows all night long but found time to set up three Chicago goals in a 6-1 Black Hawk victory over the Rangers. That was surprising.

In Toronto, Maple Leaf fans, disappointed by their club's 3-2 loss to Montreal, had plenty to talk about though when big Frank Mahovlich skated out for his first game action in almost a month. Considering early hospital reports on the Big M's mysterious ailment which remains undisclosed, that was amazing.

The Rangers kept close tabs on Hull, who has scored 20 goals in 22 games and appears on his way to a record-breaking season. But two goals by Ken Wharram and a flurry of four third-period markers—three set up by Hull—broke it open for the Hawks.

Orioles Set Fielding Mark

BOSTON (AP) — The Baltimore Orioles fielded a collective .985 and committed only 95 errors in 1964 to set major league records for the second consecutive year, the official American League fielding averages disclosed today.

The Orioles also had three individual defensive pact-setters, second-baseman Jerry Adair, third-baseman Brooks Robinson and shortstop Luis Aparicio.

Baltimore finished two points ahead of the New York Yankees in the club figures. The Detroit Tigers were third with .982 followed by Chicago and Cleveland, .981 each. The Orioles had set the previous big league records of .984 and 99 errors in 1963.

Adair also established two major league marks. He compiled a .994 average, eclipsing the .9934 mark set by Red Schoendienst of St. Louis and New York in the National League in 1956. Adair made only five errors, two less than the previous record-holder, Brooklyn's Jackie Robinson in 1951.

Baltimore's Robinson, who was named the AL's most valuable player last month, fielded .972 and topped the third baseman for the fifth straight year. Aparicio headed the shortstops for the sixth consecutive season. His 1964 average was .979.

Western Edges Idaho Quintet

KALAMAZOO (AP) — Western Michigan outzooed Idaho State in a see-saw basketball game Wednesday night 62-59, surviving a late rally by the visitors that almost overcame a 15-point Bronco lead.

The lead changed hands eight times in the first half during which the score was tied four times. Western led at the half 35-29. It was Western's first victory in three games.

Dave Anderson topped Western with 16 points. Ken Boyer and Dick Dixon got 16 each for Idaho State.

Kuharich Given Long Term Pact By Philadelphia

PHILADELPHIA (AP) — Joe Kuharich said today his new 15-year contract as general manager and coach of the Philadelphia Eagles—believed unprecedented in the National Football League—would help provide a solid basis on which to build the team.

Eagles' owners Earl Foreman and Jerry Wolman announced the elevation of Kuharich to general manager Wednesday and the signing of the long-term contract.

In a statement they said: "It is our belief that the most expedient way to build and maintain a winner in the NFL is to place authority in one knowledgeable individual. The Eagles are fortunate to have such a person in Kuharich."

Kuharich, 47, has been virtual general manager since he was hired as coach to replace Nick Skorich. Former General Manager Vince McNally resigned several months ago.

Kuharich described the contract as "very thrilling," and "my finest moment in coaching." He said the contract won't prompt any immediate changes.

"We're going to proceed as we have been doing," he said. He's handled player personnel and engineered numerous trades since coming here under the new owners.

Kuharich said he thought the length of the contract was "the finest arrangement in the NFL... it could be a tremendous advantage."

He said there was "no doubt," that having a long-term contract is beneficial to the team. "Over a long period of time you can build solidly," he said.

The only other NFL coach with anything approaching Kuharich's contract, is Tom Landry, signed this year by the Dallas Cowboys for 10 years.

In their first season under Kuharich, the Eagles have won six and lost seven, their best since 1961, and have a shot for a .500 season.

Kuharich previously coached in the NFL at Washington and St. Louis, and in college at Notre Dame where he played as a student. In 1961 he left Notre Dame to become supervisor of officials in the NFL.

OLD AND NEW is pictured at the Adams Grocery at Bark River. The modern building replaces a structure built back in 1898. Mr. and Mrs. Frank Adams, who built the new store, became the owners in 1959. (Mrs. I. R. Nelson Photos)

Adams Grocery Has New Home

By MRS. I. R. NELSON

BARK RIVER—An old landmark is no more. The old store, Adams Grocery, has been torn down and will provide parking space for the new store just completed immediately behind it.

The original land was acquired by the Peninsula Railroad Co. now the C&NW, in 1861 and was sold to Luke McKenna in July 1882. The Rood Bros., Martin and Ole, bought their farm from McKenna in November, 1882. In 1898 Ole Rood had Olaf Erickson, father of Oscar Erickson, build the two-story building and persuaded the late Ole Harstad to take care of the store as the two brothers had a grist mill built in 1896. In order to provide steady employment for the crew a sawmill was added, both run by the same steam engine. People came from as far as Stephenson to have flour ground.

About 1908 Phil Labre rented the store until about 1918. During that period two wings were added to the store—one used as an office, the other as a warehouse.

Abe Chudacoff was next to take over the store and in 1920, the late George Labre ran the store until the building was sold to John G. Gauthier in 1926, who with the help of his family carried on until 1954 when B. R. Erickson had it for six months before selling out to Mr. and Mrs. Donald Bolm.

Mr. and Mrs. Frank Adams bought the store and house from the Gauthier estate in 1959. The building was inadequate and old with no parking space and after some deliberation they decided to erect a new building rather than to repair the old.

The new store, a 40x80 concrete block building, was built by contractor Gerald Viau of Bark River. The electrical work was done by Leslie Sundquist

for Berger & Robinson. New equipment was installed in the frozen food and meat departments. A bottled gas furnace provides the heat. Mr. and Mrs. Adams are assisted by their son, Brian, on a part time basis. Carl Sarasin and Mrs. Rodney Sundquist are regularly employed.

The old building was demolished by Frank Adams' brother, Willard, of Daggett, and his son, John. Much of the old lumber was salvaged and side-walk supervisors drooled over the good dry lumber such as the 2x12x24 planks used for joists. Dry lumber that length is hard to come by these days.

Mr. and Mrs. Adams, formerly of Daggett, came here from Escanaba, where Adams had been manager of the National Tea. He is a member of the local Legion Post, VFW, Lion's Club and the Bark River Volunteer Fire Department. She is a member of the Legion Auxiliary, PTA and the Bark River Womens Bowling League. They have three children, Brian, Daniel and Connie.

Inaugural Bids Go To 85,000

LANSING (AP) — Hand-addressed invitations to Gov. George Romney's Jan. 1 inauguration are being mailed to 85,000 persons, the Michigan Inaugural Committee has announced.

Some 250 workers have been addressing envelopes since late last month, said Mrs. Allen Stron of Birmingham, who is in charge of mailings for the Republican governor's second inauguration.

It could have gone much faster if the envelopes had been typed, she said, but the inaugural committee felt "invitations should convey a personal touch."

The potential guest list—an increase of 10,000 over the 1963 inaugural—includes top state Democratic leaders.

Inaugural day festivities include a mid-day swearing in of the governor, lieutenant governor, administrative board, board of education, judges of the new State Appeals Court and the Michigan State and Wayne State University governing boards, a luncheon for elected officials, an afternoon reception for the public and the inaugural ball for an anticipated 10,000 guests.

Contributions To Chips Welcomed

The sincere expression of appreciation to Escanaba's firemen and policemen, read at a recent meeting of the City Council, should make the Community proud of its safety and law enforcement men. The letter was from J. N. Meier, Detroit, and addressed to City Manager George Harvey.

"It has become common for many of us to take the duties of our public and city employees for granted. To support this statement is the fact that this expression of gratitude is long overdue.

"However even though belated it is sent with a sincere 'Thank You' to all the members of the Fire and Police Department.

"In recent years my father's illness has required the prompt and immediate attention of men, of both departments. In every instance the response has been just that, in addition to being courteous and understanding. We hope the necessity to call upon these men has ended, but we also realize that if needed this wonderful service is always available. It goes on every day, and as initially stated, all too often with little, if any recognition, or even the forgotten ('Thank You.')

"So please extend the sincere gratitude of the entire Meier family to these fine gentlemen."

SANTA and the SINGING TURTLE

Synopsis: Prince Chad, the Singing Turtle and the Snowman arrive in Santa Land to attend the Christmas Music Festival.

CHAPTER SIX
PATRICK TWEEDLEKNEES "SANTA LAND" read the big sign on the snow station.

"We're really here!" exclaimed the Prince. "I can't believe it." "I can," said the one-eyed Snowman, taking in deep breaths of the icy air. "I feel better already. Why, in this climate, I will last ten thousand years!" "But where are the musicians?" wondered George. "I was sure I would hear them practicing."

"Let's go see!" cried Prince Chad. He darted away from his slow, plodding companions and raced across the snow-covered fields past row on row of workshops, barns and stables. He came to a little red-shuttered house with smoke curling from the chimney. He knew this was it — Santa Claus' house.

He walked all around it and peeped through the curtained windows. He tapped softly at the door. There was no answer.

George and the Snowman finally arrived. George said impatiently, "Knock louder, for goodness sake!"

The Prince knocked and the Snowman pounded with his heavy fists and George tapped with his little tail. Suddenly the door flung open.

There stood Patrick Tweedle-knees, a crooked-legged, bent-backed, near-sighted elf who clearly had just been awakened from a very fine sleep and did not at all like being disturbed.

"Stop that hullabaloo!" he shouted. "Can't you see I'm working?"

The Prince was so astonished he stepped backwards, tripped over George and fell off the porch. The elf peered at him and said fustily, "Who are you anyway and what's that thing on your head?"

"I am Frederick Chadwick Anthony Matthew Christopher John," stammered the Prince. "The thing on my head is a crown because I am soon to be King of Razenpica. Could we see Santa Clause, please?"

"Santa Claus! He's gone to the Music Festival, as you should certainly know if you are about to be a king."

"The Music Festival!" cried George in alarm. "But we have come here to the Music Festival. I am to sing!"

"Sing if you wish but no one at the Festival will hear you," snapped Tweedle-knees. "The Festival is in Fairyland. It begins tomorrow and you can never get there in time."

George was stunned with disappointment. He pulled his head inside his shell. Then he pulled his feet in and his tail, too.

"Now see what you have done," said the Snowman towering over the elf. "You've broken his heart!"

"Me!" protested Tweedle-

"Who are you anyway?" Tweedle-knees said fustily.

knees angrily. "I'll have you know tomorrow is Christmas Eve and I have my hands full getting everything ready, doing all the work, taking all the responsibility while Santa is away having all the fun. Then you come along and blame me because you came to the wrong place! Well, I say, pooh to you." With that the elf went in the house and slammed the door.

State Briefs

BAY CITY (AP)—Voters in the Bay City School District have approved an extension for five years of a four mill tax and addition of two and a half mill tax and addition of two and a half mills for operation and maintenance of the schools. The vote was 9,345 to 6,774. The measure was defeated in June and some students have been on half days.

PINCONNING (AP)—Pinconning Area School District voters have approved, 1,343 to 789, a new six mill school tax for three years to improve services. Approved 1,109 to 880 was a \$750,000 bond issue to build 30 new classrooms. Students in kindergarten through the eighth grade have been on half days.

GRAND RAPIDS (AP)—Funeral services are scheduled here Friday for Dr. Cortez A. English, 65, who was the second Negro to operate a dental practice in Grand Rapids. He died Tuesday after a year's illness. A University of Michigan Dental School graduate in 1925, he was a life member of the American Dental Association.

GRAND RAPIDS (AP)—Raymond A. Walters, former Grand Rapids businessman serving the past three years as Lear Siegler, Inc., representative in the Washington, D. C., area, has been promoted to manager of the LSI Instrument Division Eastern Regional Contracts Area covering a territory from Maine to Florida.

MONTAGUE (AP)—A 7-acre site at the northern limits of this White Lake community has been purchased by the W. L. Lipka Agency as representatives of a possible new industry here. Agency spokesmen declined to name their client but said the land purchase was the first step in the project. Mayor George Dillabaugh had said earlier that a new industry, possibly employing 25 persons at the start, was interested in Montague as a home.

Class Will

Decorate Tree

RAPID RIVER—The young people's class of Rapid River Congregational Sunday School will meet at the church parish hall Saturday, Dec. 12, at 7:30 p. m. The group will decorate the church's Christmas tree and will package the children's Christmas candy. Decorations for the parish tree will be made from popcorn and cranberries. Each Sunday School class will add tree ornaments. The Christmas trees were donated by Al Bond.

Peggy McClinchy and Susan Gorham will be in charge of the lunch. Mrs. Thomas Safford is the class teacher.

Practice Schedule

The Sunday School of Rapid River Congregational Church will have Christmas program practices Sunday, Dec. 13 and 20, during Sunday School. The practices may run longer than the usual Sunday School hour. Another practice is scheduled for Saturday, Dec. 19 at 1:30 p. m. The school's Christmas program will be presented Sunday, Dec. 20, at 7:30 p. m.

Parsonage Damage

Extensive damage was done to the parsonage of Rapid River Congregational Church by a plumbing break. The parsonage will be repaired by the congregation. The completion date is set for the first of February. Anyone wishing to donate needed supplies or services is asked to call church president, Ray LaBumbard, or board chairman, Charles Bowen.

lund, chaplain; Norman Peterson, marshal; Dwight A. Cochran, tiler.

Open installation will be held Saturday, Dec. 12, at 8 p. m. at the Masonic Temple. The public is invited to attend.

Toy Workshop Slated By 4-H Group

A toy workshop will be conducted by Schoolcraft 4-H Pacesetters this year. They will collect toys, paint, repair and clean them and then turn them over to the Women's Club for distribution in welfare baskets for needy persons. Those who have toys may contact Miss Grace Villcock at the County Extension office, Jennifer Patz, 341-5226, Mrs. Merrill Archey, 341-5465 or any Pacesetter.

The Pacesetters will meet at 2:30 p.m., Dec. 20 at the home of Sharon Chartier, Rte. 1, Indian Lake, for the workshop. At 6 p.m., a spaghetti or pizza supper will be served for members and guests. Neighborhood caroling and ice skating by the 4-H group follows.

Mrs. Dixner's Sister Dies

Mrs. Harold (Margaret) Dixner is scheduled to return today from Chicago, where she was called by the death Saturday of her sister, Josephine LaValle.

Survivors in addition to Mrs. Dixner are three nieces, Mrs. Lee (Vicki) Belcik of Gulliver, Mrs. Benjamin Banas, Lombard, Ill., Mrs. Janet Hammond of Ann Arbor and Lt. Kenneth Dixner with the U. S. Navy in the Mediterranean.

Doyle 4-H Will Organize

A meeting is scheduled at 7:30 p.m., Dec. 16 in Doyle School to organize 4-H activities for the Gulliver district. A complete program is planned.

Human Resources Meeting Planned Dec. 10 At Cooks

A meeting will be held at Cooks High School Dec. 10 at 7:30 p.m., for persons unable to attend one or both of the first two sessions on developing human resources, according to Dean Rhoads, county extension director. The meetings are a Michigan State University cooperative extension service program aimed at alerting local citizens to future occupational and educational needs.

Rev. James R. Balfour

Methodist Men And Ladies To Banquet Monday

The Rev. James R. Balfour of Marquette, recently assigned superintendent of the Marquette District of the Methodist Church, will be the speaker at the Delta County Methodist Men's annual banquet, to be held at First Methodist Church Monday, Dec. 14, at 6:30.

The occasion is wives' night and is a highlight of the year's activities. Flowers are provided for all the ladies. Jack Foster is program chairman. The dinner will be served by Miriam-Abigail circle of the Woman's Society of Christian Service.

Mr. Balfour, an excellent speaker, is well-known throughout the Upper Peninsula. He has served churches at Menominee, Houghton, and Sault Ste. Marie and held chairmanship of the church's district board of education.

Participating churches are Central and First in Escanaba, Gladstone, Bark River and Cornell.

League Plans Yule Activities

RAPID RIVER — Calvary's Luther League of Rapid River will meet at the church Wednesday, Dec. 16 at 8 p. m. to decorate the church Christmas trees. The group will decorate a tree for the sanctuary and one in the parish hall for the Sunday School. Sunday, Dec. 20, at 6:30 p. m. the League will join with the church choir and will go Christmas caroling. The group will sing at individual homes in Masonville, Rapid River and Ensign. After the caroling a fellowship will be held in the parish hall.

Repairs Pose School Deficit

The Bark River-Harris Board of Education meeting Tuesday, at the Elementary School heard that due to unforeseen difficulties including furnace and water system repairs, a year-end deficit threatens.

Major discussion centered around the use of a new school bus to be picked up this month. Three routes were considered in the best utilization of this unit, including South Bark River, Schaffer, and 47 Mile Road. The Board decided to place the new bus on the routes south of Bark River. The other two routes are to receive first consideration in the placement of future new buses.

The Board also ordered the Supt., Richard Hendra, to arrange for the financing of the 1965 unit.

In other actions the Board authorized to participate in the National Defense Education Act program for science equipment. (The schools can purchase \$2,219 of equipment for \$930.) Adult education, on a self-supporting basis was also approved, as were pot flares for the buses in order to comply with a new state regulation.

The Board approved a half-day session for Wednesday, Dec. 23. This will mean a morning session, and hot lunch will not be provided. Buses will operate so as to try to get students home in time for lunch.

Christmas Party Enjoyed By PTA At Carney-Nadeau

The Carney-Nadeau P.T.A. held its annual Christmas party recently. The Boys Bell Choir from the Daggett Moravian Church under the direction of Jean Nelson and accompanied by Mrs. Morris VanHorn, played several selections including Christmas music. A solo by David Berto concluded their program.

Oren Berto presented merit badges earned by members of the Carney Boy Scouts.

Darlene Fadroski, president of the Carney Chapter of the F.H.A. explained a baby sitting project to raise money for the scholarship fund. Members adjourned for coffee and lunch. Gifts were exchanged.

Hostesses for the evening were Mrs. John Eichhorn, chairman, Mrs. Walter Imhoff, Mrs. Paul Frank, Mrs. Gus Wetthuhn, Mrs. Phil Verbisky, Mrs. George Eichhorn, Mrs. Charles Berger, Mrs. Leonard Dziedzic, Mrs. Albin Dill and Mrs. Harry Hanchek.

COUNT 'EM — As a gag, service station operator Robert Powers, above, of Strongsville, Ohio, sent a \$30 bill to one of his lady customers in "mirror writing"—everything backward and upside down. The customer replied in like vein. She delivered a heavy box containing 3,000 pennies taped

Aqua-Nuts Elect Officers For '65

The Escanaba Aqua-Nuts has elected Ray Roy Jr. its president for the coming year, after Tom Gasman, who has headed the organization since it was founded several years ago, declined the nomination.

Other officers are Jim Gasman, vice president; Marcie Lancour, treasurer; Mrs. Ray Roy Jr., secretary. Fred Lancour was chosen a director, and advisors are Dave Skippar, Vernon Ford, Joe Vogel and Tom Gasman.

Roger Finlan, 20, Hurt In Accident

Roger Finlan, 20, son of Mr. and Mrs. Patrick Finlan, Chemical Location, Gladstone, suffered severe injuries to his lower left arm in an industrial accident at a mill in Two Rivers, Wis., where he is employed. He is hospitalized in Two Rivers and after leaving the hospital, will require a month's recuperation period at home.
